CITY OF JOHANNESBURG

VALUATION SERVICES

CITY OF JOHANNESBURG OBJECTION VALUATION PORTAL

USER MANUAL

Draft Version 0.2 | 8 September 2026

Prepared for: City of Johannesburg – Valuation Services

Document owner: City of Johannesburg - Valuation Services

Draft status: This working draft of the Genesis User Manual is prepared for the in-app Help area. Screenshot placeholders remain in the document so approved system screenshots can be added as the manual is refined.

Document Control

Document title	City of Johannesburg Objection Valuation Portal User Manual
Version	Draft v0.2
Business area	City of Johannesburg – Valuation Services
System	City of Johannesburg Objection Valuation Portal
Publication Channel	City of Johannesburg Objection Valuation Portal in-app Help
Purpose	End-user guidance for Client and Genesis Administration functions

Purpose of this Manual

This manual explains how users interact with the City of Johannesburg Valuation Portal. It focuses only on user-facing actions and does not include source-code, repository, developer, server, database, infrastructure or other technical implementation details. The document is intended for publication through the City of Johannesburg Valuation Portal “Help” area and will be supported by screenshots from the deployed interface.

Who Should Use this Manual?

- Property owners, representatives and other registered Client users.
- Valuation Administration users supporting clients.
- Support personnel and authorised testers who need a functional reference for common user journeys.

Current Functional Scope

- General Valuation Roll (GV / GVR 2023).
- Supplementary Rolls 1, 2, 3 and 4.
- Objections and Appeals.
- Section 78 Query and Review.
- Rates Rebates.
- Property Attributes, including client correction and inspection responses.
- Acknowledgements, notices, submitted forms and supporting evidence.
- Client profile and account maintenance.
- Valuation Administration Search Enquiries and assisted client support.
- **Publication and Privacy Rule**

This Help manual must not expose source-code repositories, Git/GitHub account names, developer identities, server names or IP addresses, database names or credentials, internal file paths, secret keys, tokens, configuration values or other implementation details. Screenshots must use approved test data and must be checked for sensitive information before publication.

1. Getting Started

City of Johannesburg Valuation Portal provides a single client-facing portal for valuation-related services. Registered clients can search valuation properties, link properties to their account, lodge statutory submissions, upload evidence, download acknowledgements/notices and track submitted matters.

1.1 Before You Begin

- Use a supported modern web browser.
- Have access to the email address that will be used for your City of Johannesburg Valuation Portal account.
- Prepare any supporting evidence documents before starting a statutory submission.
- Use the correct valuation roll when searching for a property or starting a submission.

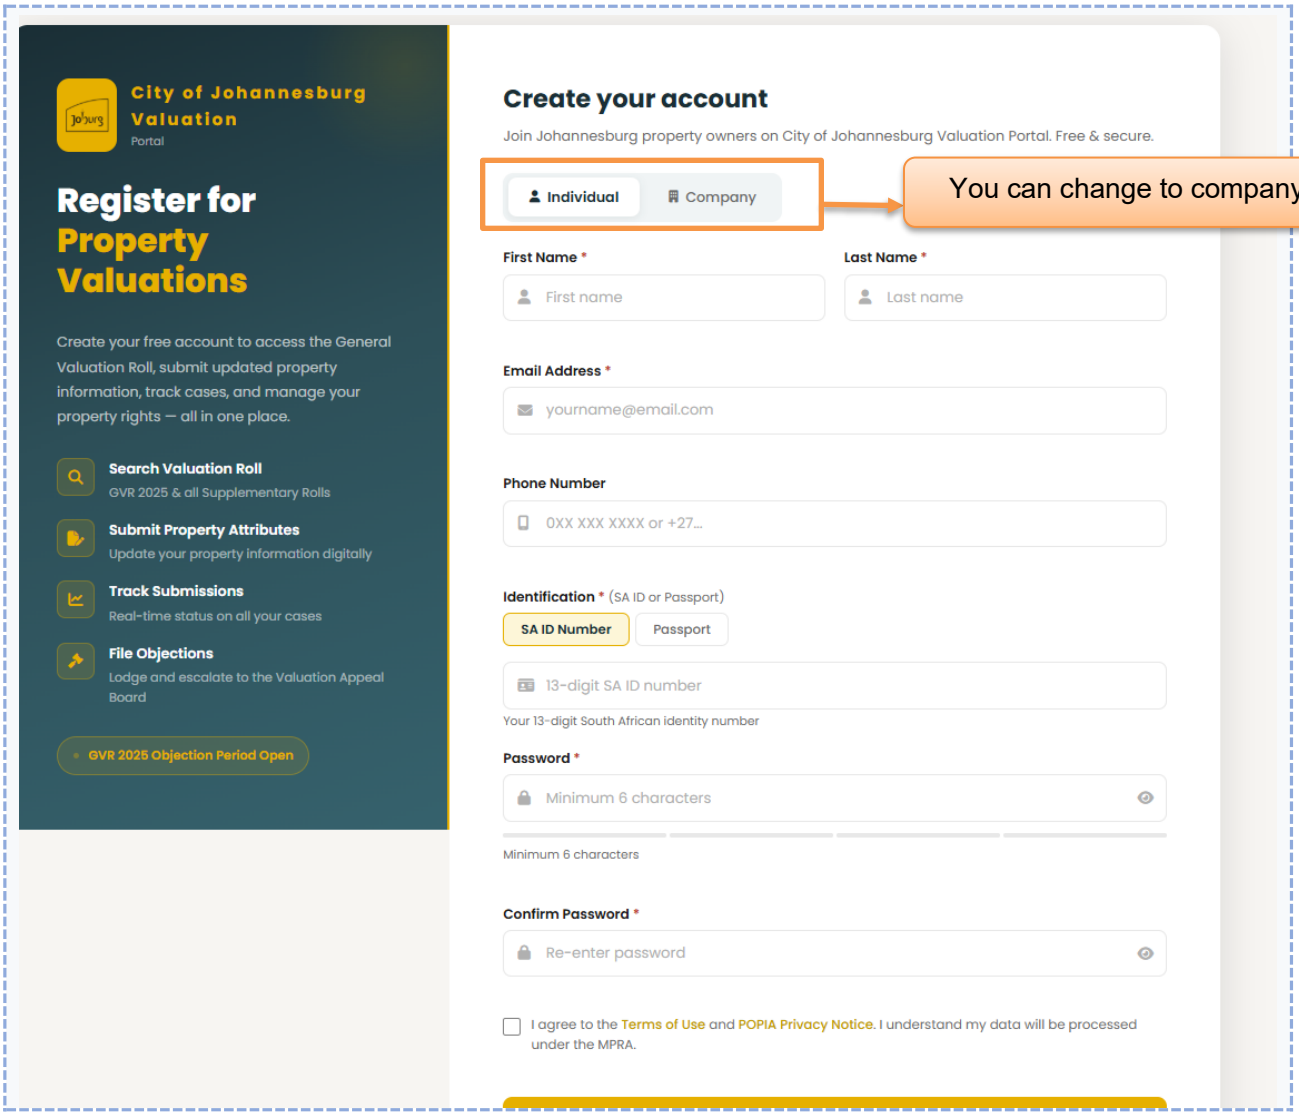

1.2 Main User Areas

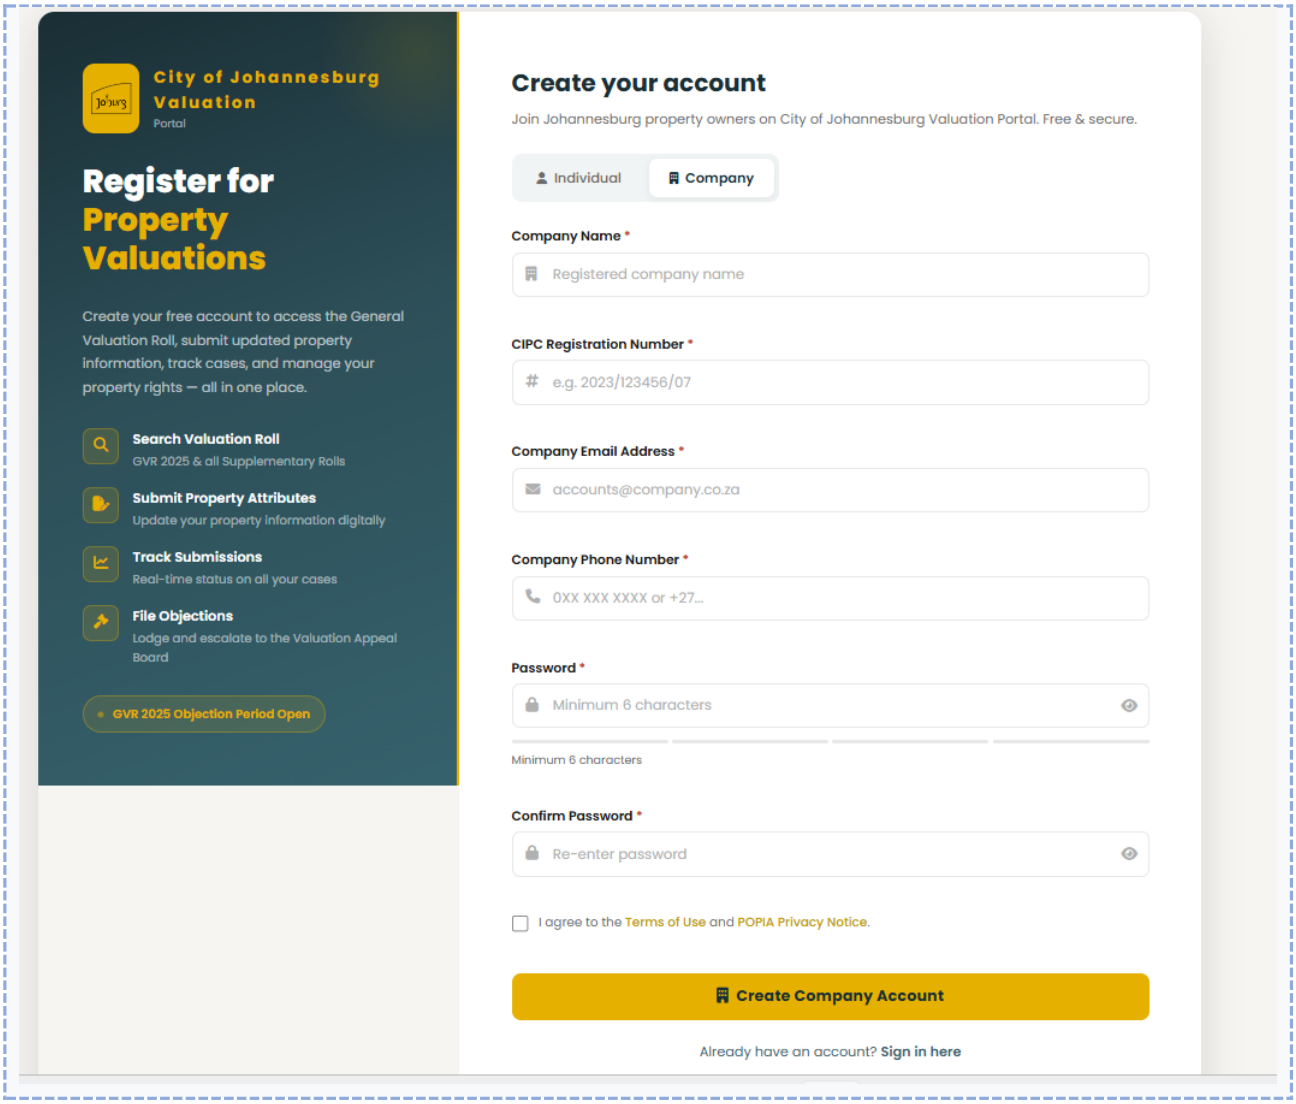

Area	Used by	Purpose
Client Portal	Registered clients	Search, link properties, submit valuation matters, evidence and track statuses.
My Profile	Client	Maintain contact details and password.
Administration	Authorized staff	Search clients/properties/references, view forms and support service requests.

2. Client Registration

New clients must register before using protected Genesis services.

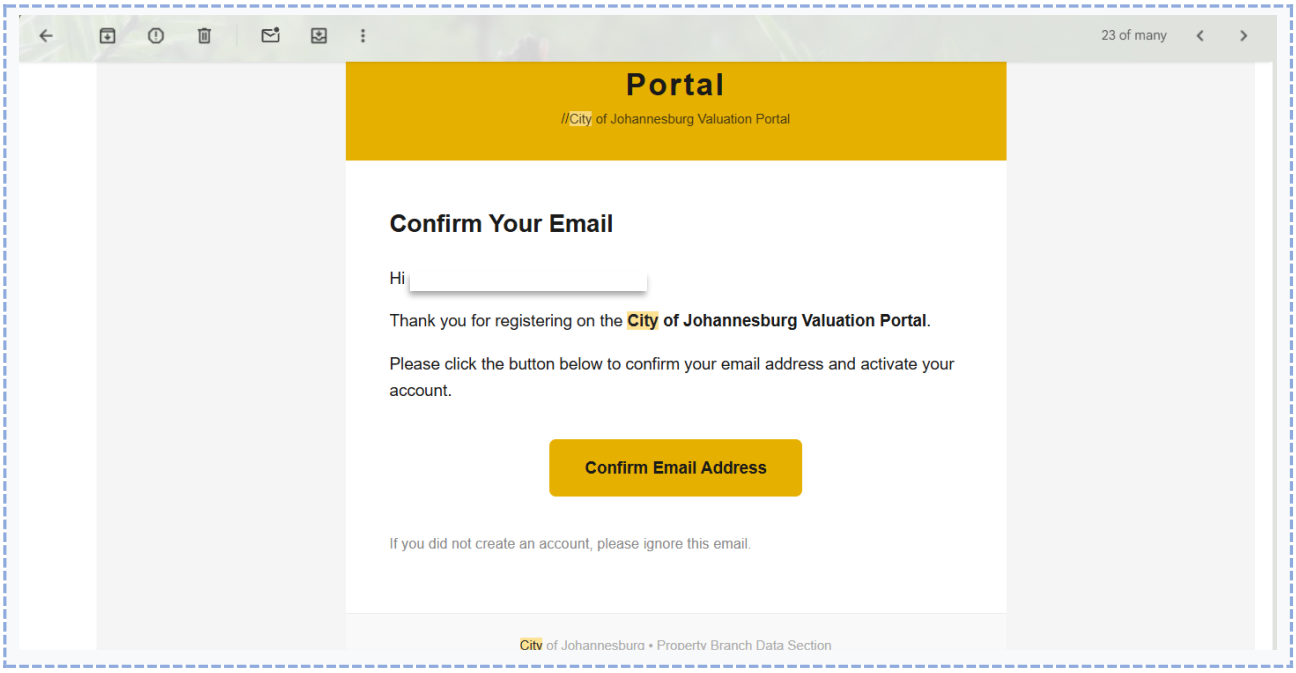

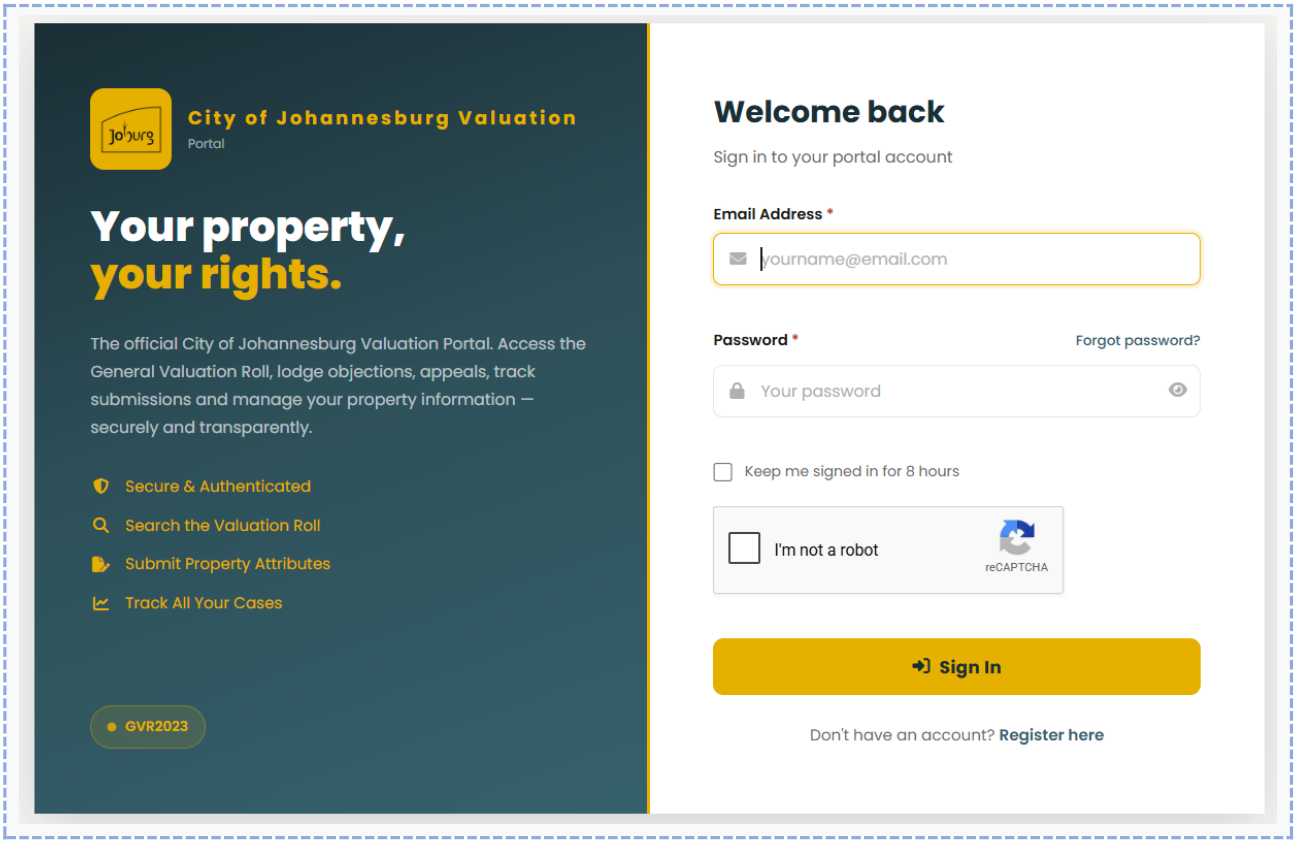

2.1 Register a New Account

1. From the Genesis home page, select Register.
2. Select or complete the required account details. Where applicable, choose whether the account represents an individual or company.
3. Enter a valid email address and contact number.
4. Create and confirm the account password.
5. Complete the required verification / reCAPTCHA step.
6. Submit the registration form.
7. Follow the email confirmation instructions if the portal requests email verification.
8. After successful confirmation, return to Genesis and sign in.

Note: Use an email address that the user can access. Genesis uses the registered email address for account and workflow communication.

Confirm Your Email
Hi
Thank you for registering on the City of Johannesburg Valuation Portal.
Please click the button below to confirm your email address and activate your account.
Confirm Email Address
If you did not create an account, please ignore this email.
City of Johannesburg • Property Branch Data Section

3. Client Login and Password Access

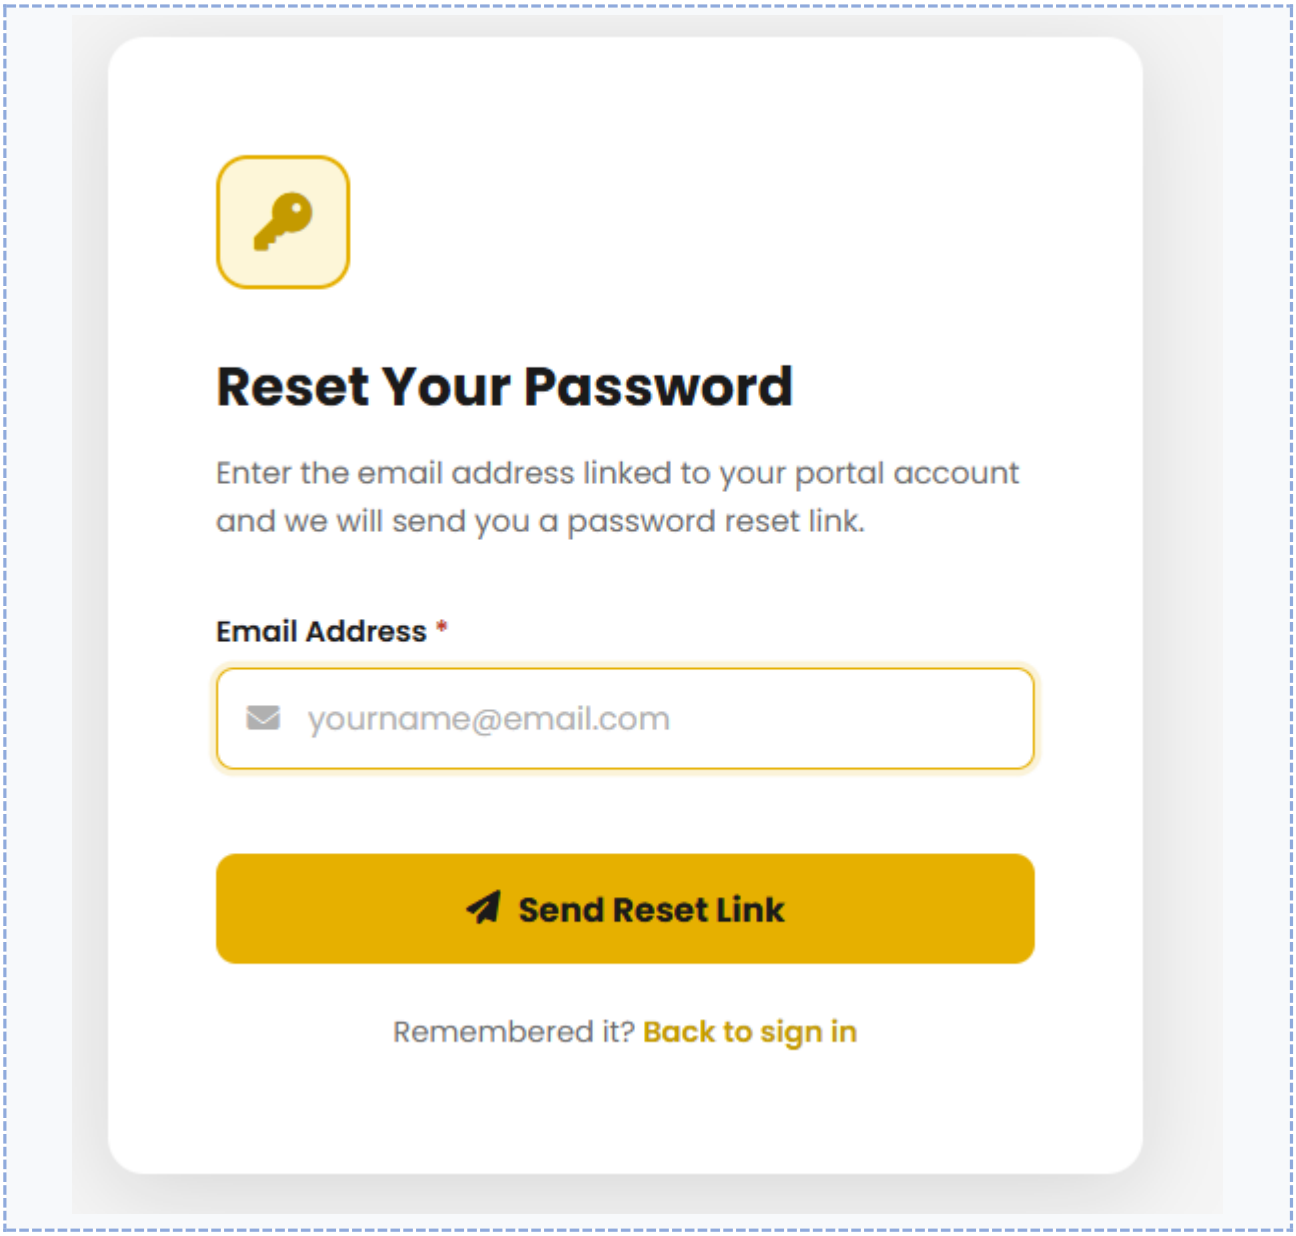

3.1 Sign In

9. Open Genesis and select Login.
10. Enter the registered email address.
11. Enter the password.
12. Complete any required verification challenge.
13. Select Login.
14. On success, Genesis opens the Client Dashboard.

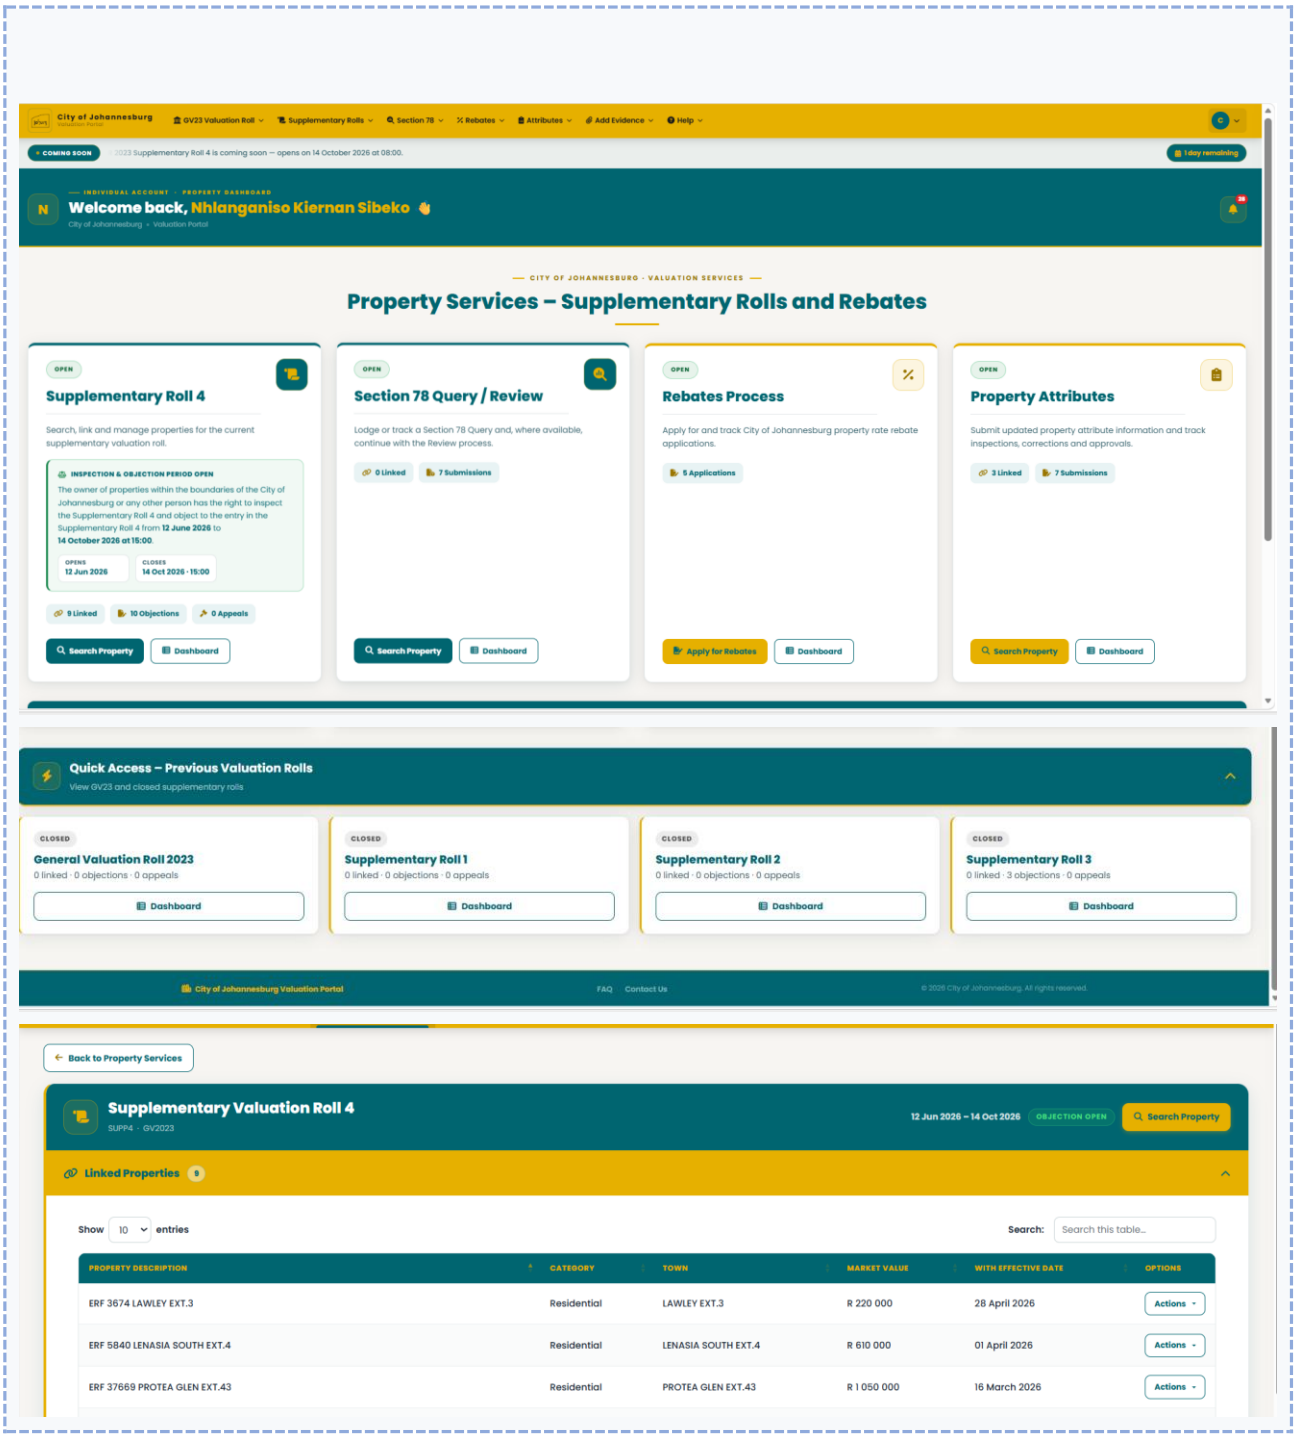

3.2 Forgot Password

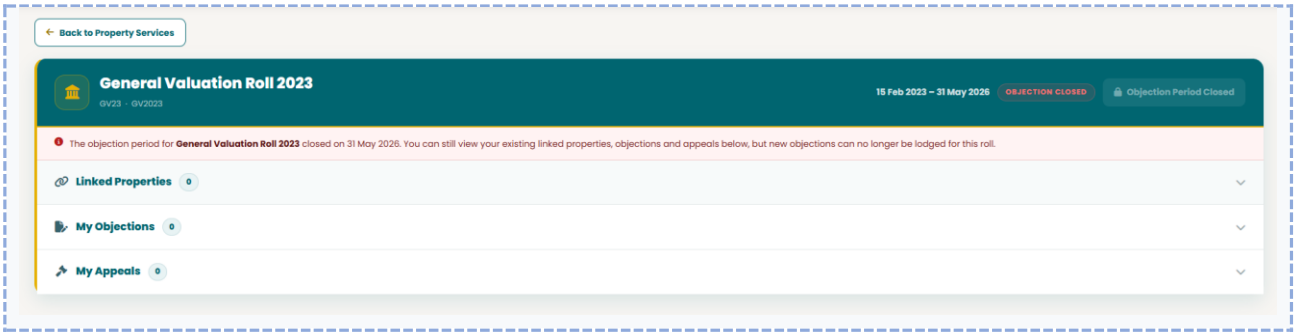

15. On the Login page, select Forgot Password.
16. Enter the registered email address.
17. Submit the request.
18. Open the password-reset email and follow the secure link.
19. Create the new password and sign in again.

Reset Your Password
Enter the email address linked to your portal account and we will send you a password reset link.

Send Reset Link
Remembered it? Back to sign in

4. Client Dashboard

The Client Dashboard is the main workspace after login. It provides access to linked properties, submissions and status information across supported valuation functions.

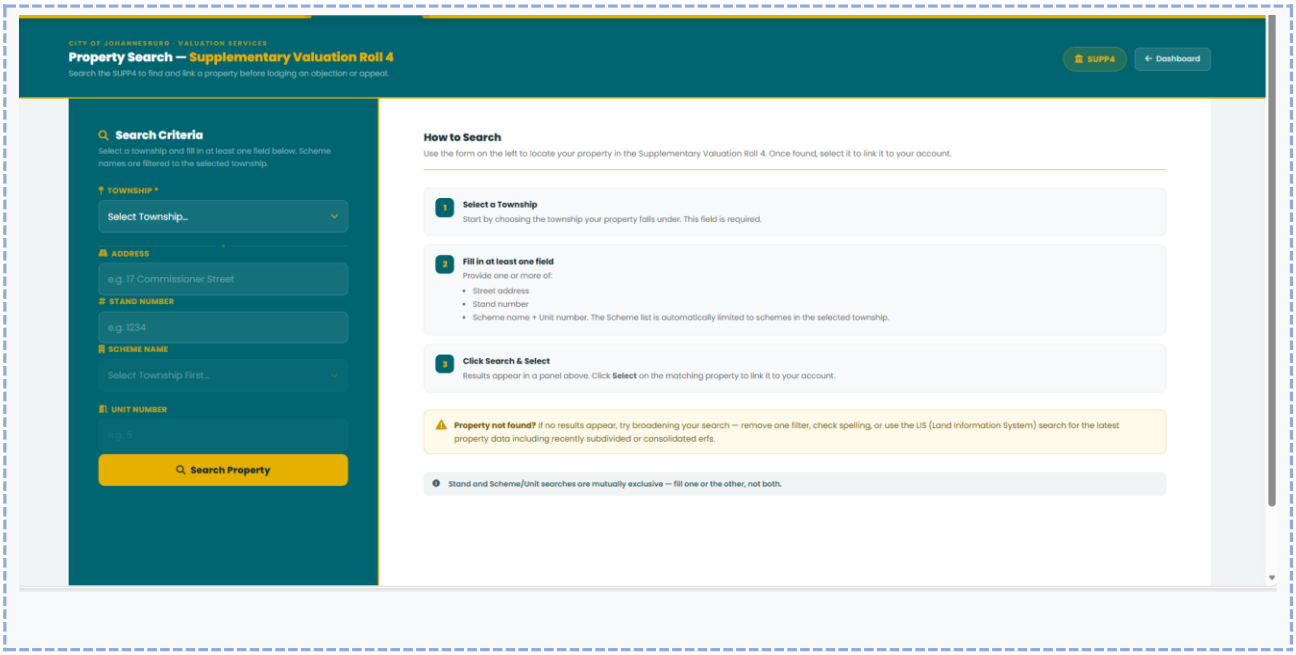

4.1 What to Check on the Dashboard

- Your linked valuation properties.
- Open or submitted Objections and Appeals.
- Section 78 Query / Review matters.
- Rates Rebate applications.
- Property Attribute submissions.
- Available acknowledgements, notices or submitted forms.
- Status labels showing the current stage of each matter.

Note: The exact buttons shown depend on the valuation roll, case status, statutory period and the type of submission.

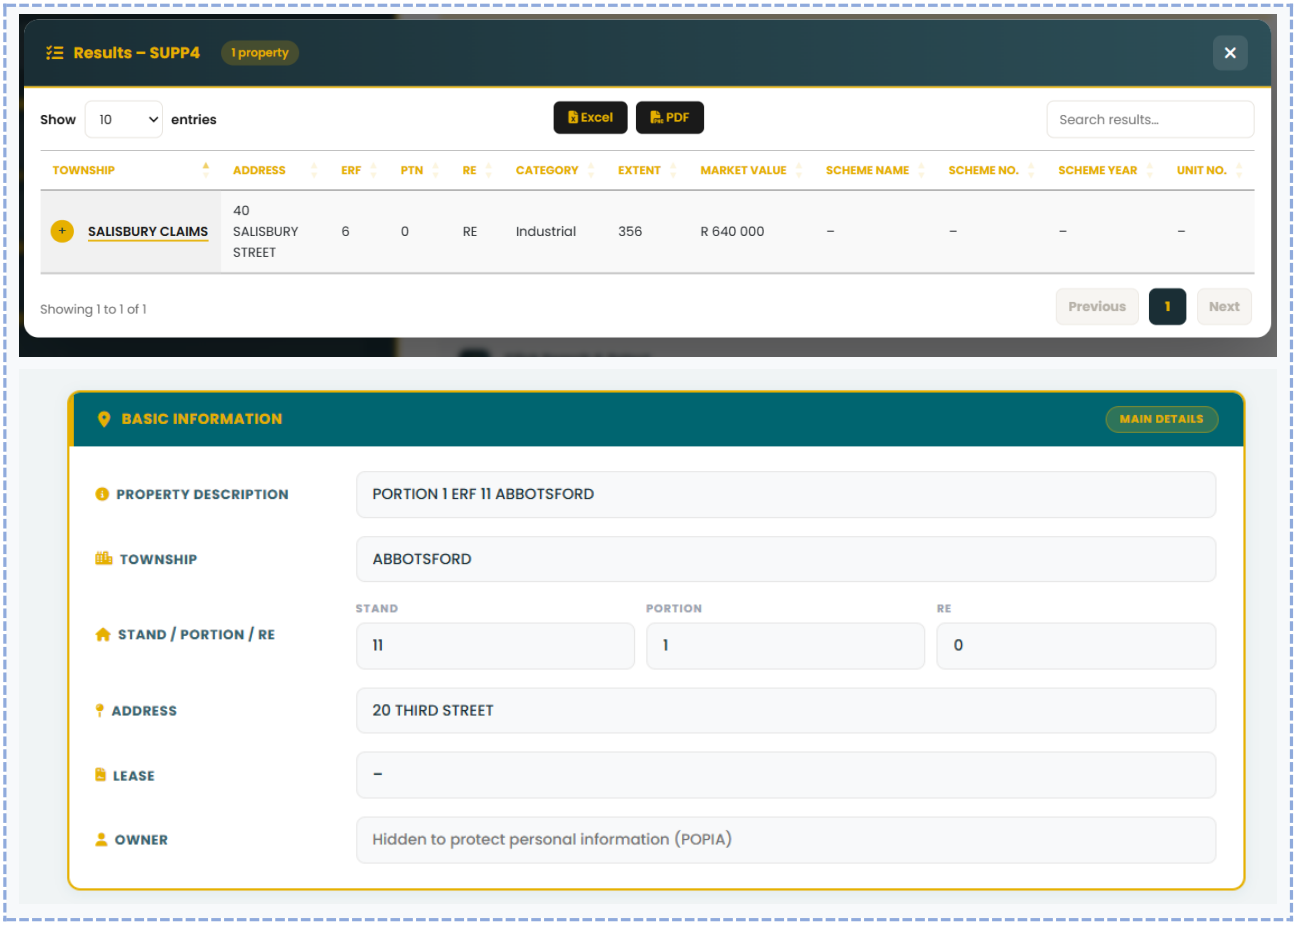

5. Search and Link a Property

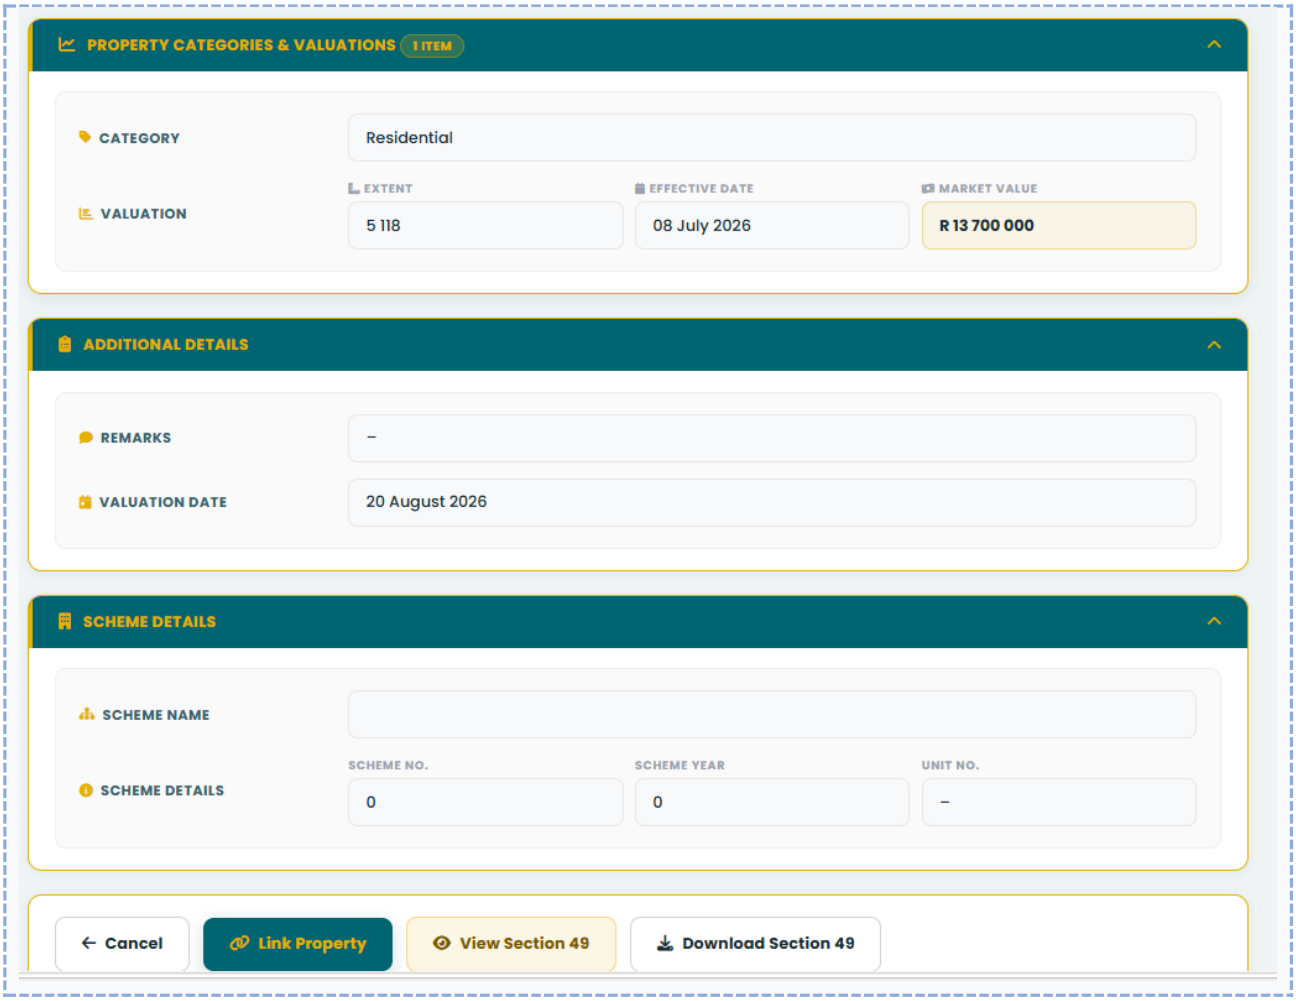

A property normally needs to be located in the correct valuation source before the user can view details or begin a submission.

5.1 Search for a Property

20. Open Property Search from the client area.
21. Select the correct valuation roll/source.
22. Select the township where required.
23. Enter the available property search information, such as property description, premise/property identifier or other supported reference.
24. Select Search.
25. Review the matching result carefully before opening the property.

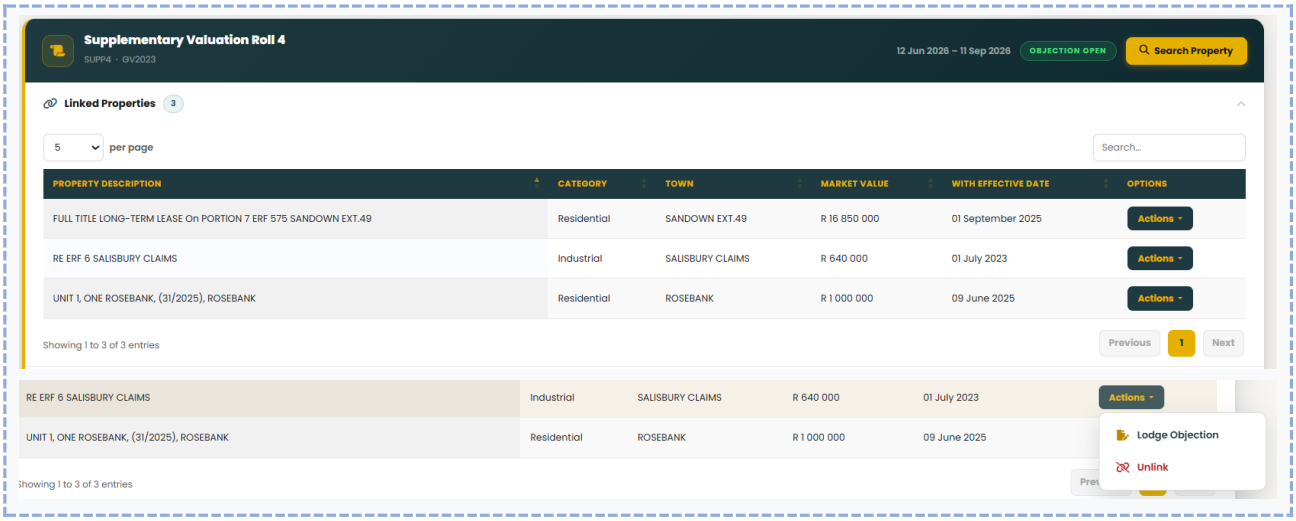

5.2 Link the Property to Your Account

26. Open the correct property from the search results.
27. Review the property description and valuation details.
28. Select the Link / Add to My Properties option.
29. Confirm the action if prompted.
30. Return to the Dashboard and confirm that the property appears under the client account.

Note: Always verify the property description and roll before linking or lodging a statutory submission.

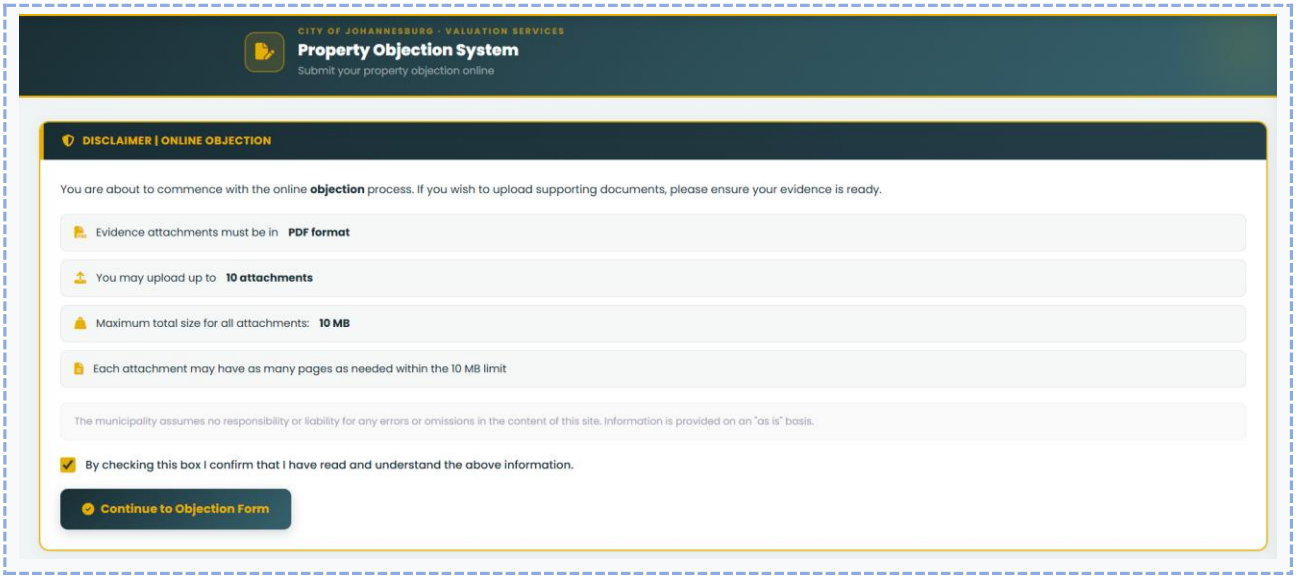

6. Lodge an Objection

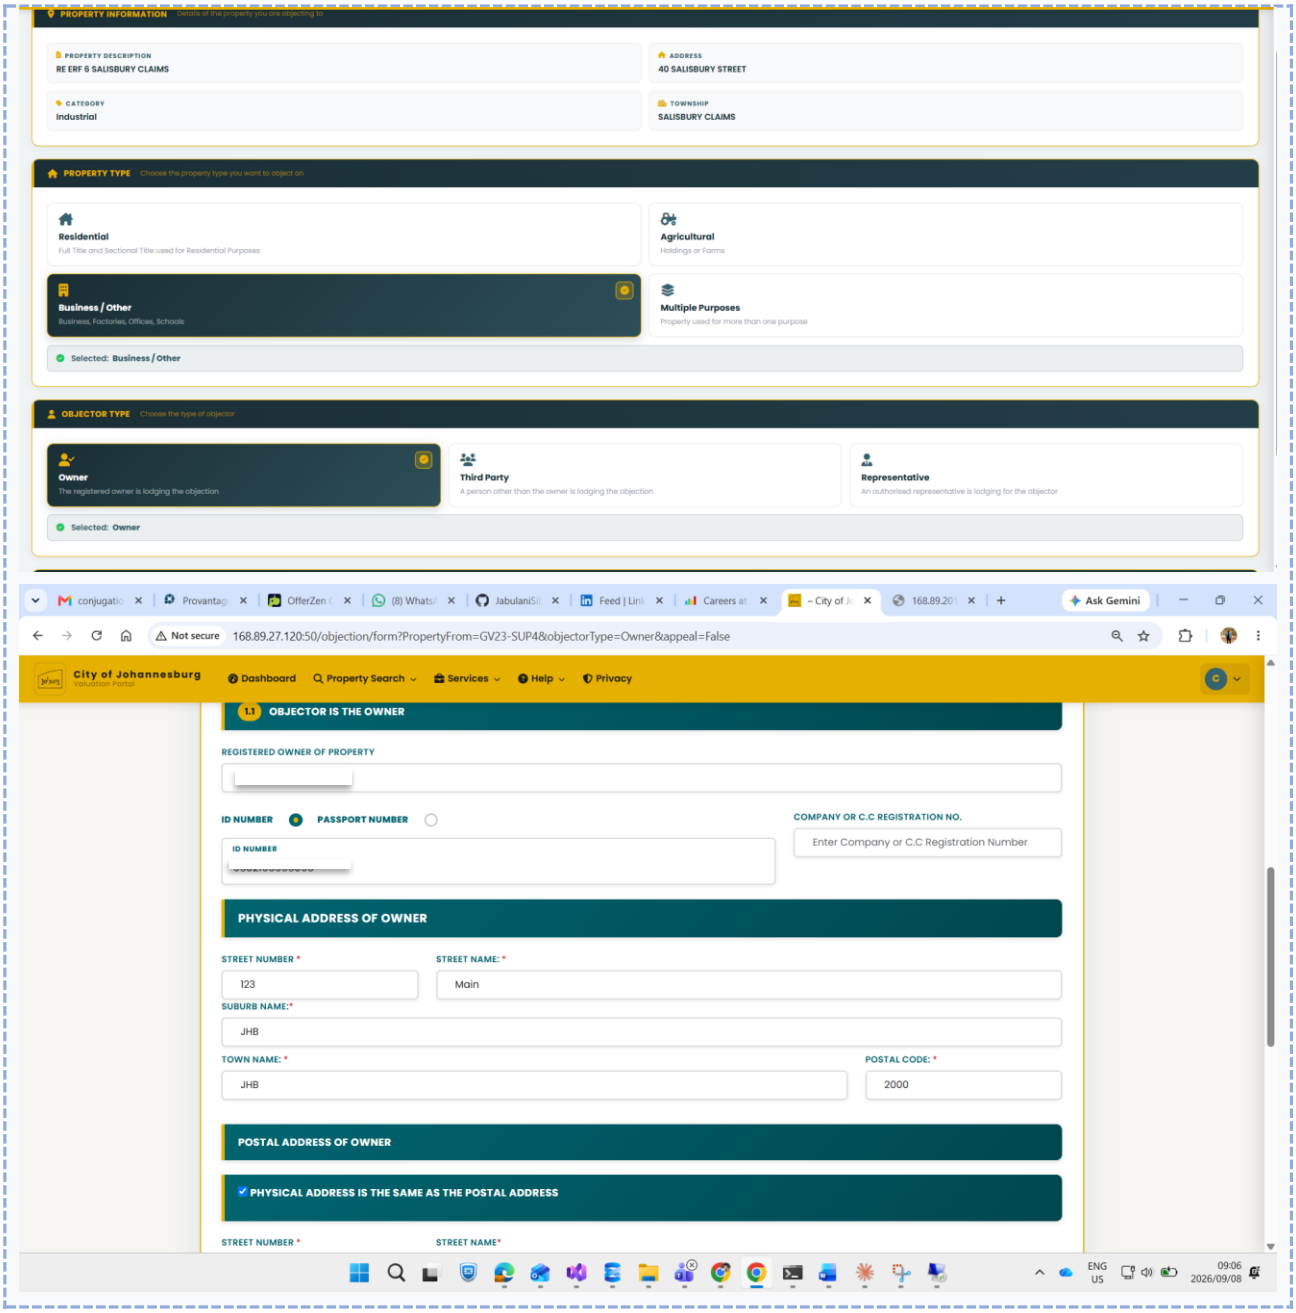

Genesis supports the capture of Objections using the applicable valuation form and creates an OBJ reference when the submission is successfully lodged.

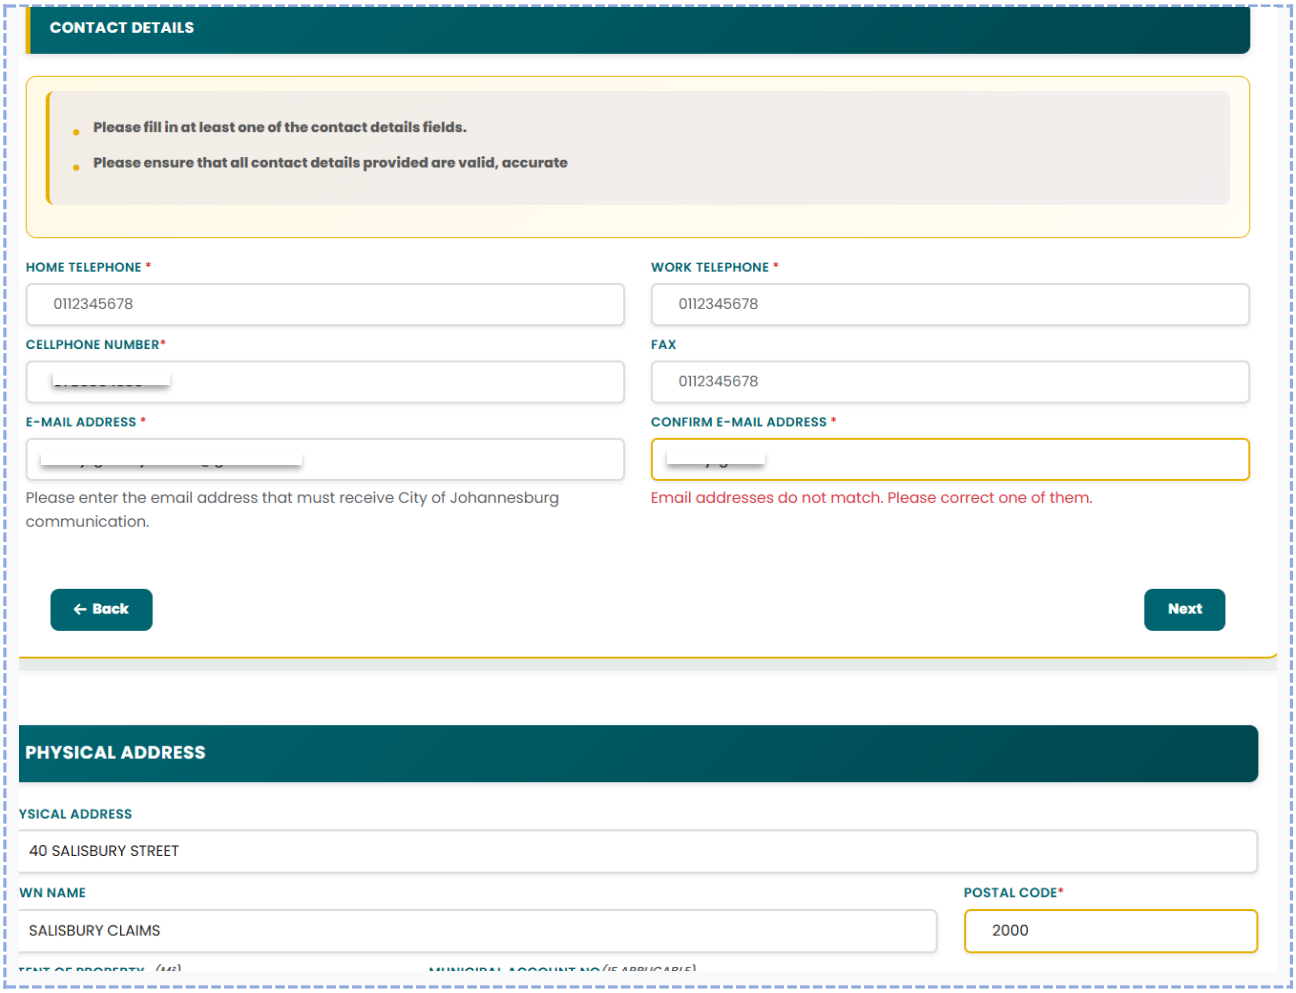

6.1 Start an Objection

31. Open the linked property.
32. Select Lodge Objection when the action is available.
33. Confirm the property and valuation roll.
34. Complete the required objection form sections.
35. Provide the objection reasons/motivation and the proposed information where required.
36. Upload supporting evidence.
37. Complete the declaration.
38. Review the captured information before final submission.
39. Submit the Objection.

9. Section 78 Review

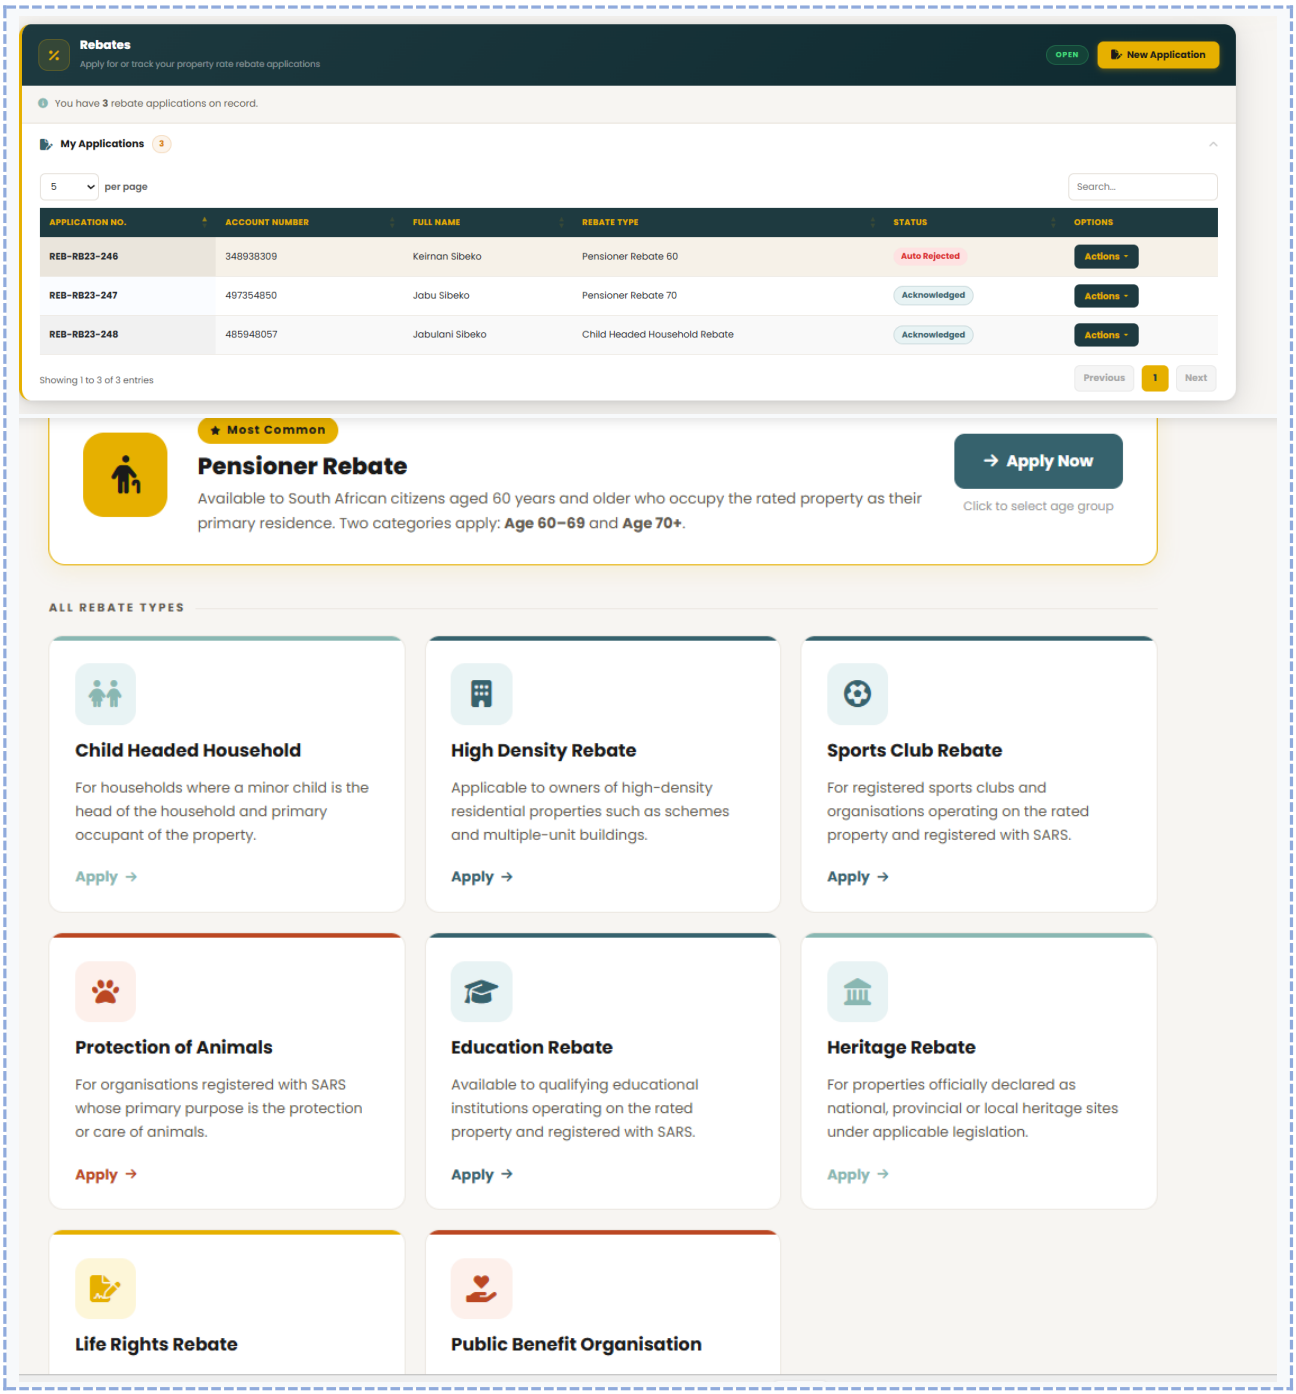

A Review is requested against an eligible Section 78 Query. The Review reference follows the Query reference with the “-R” convention.

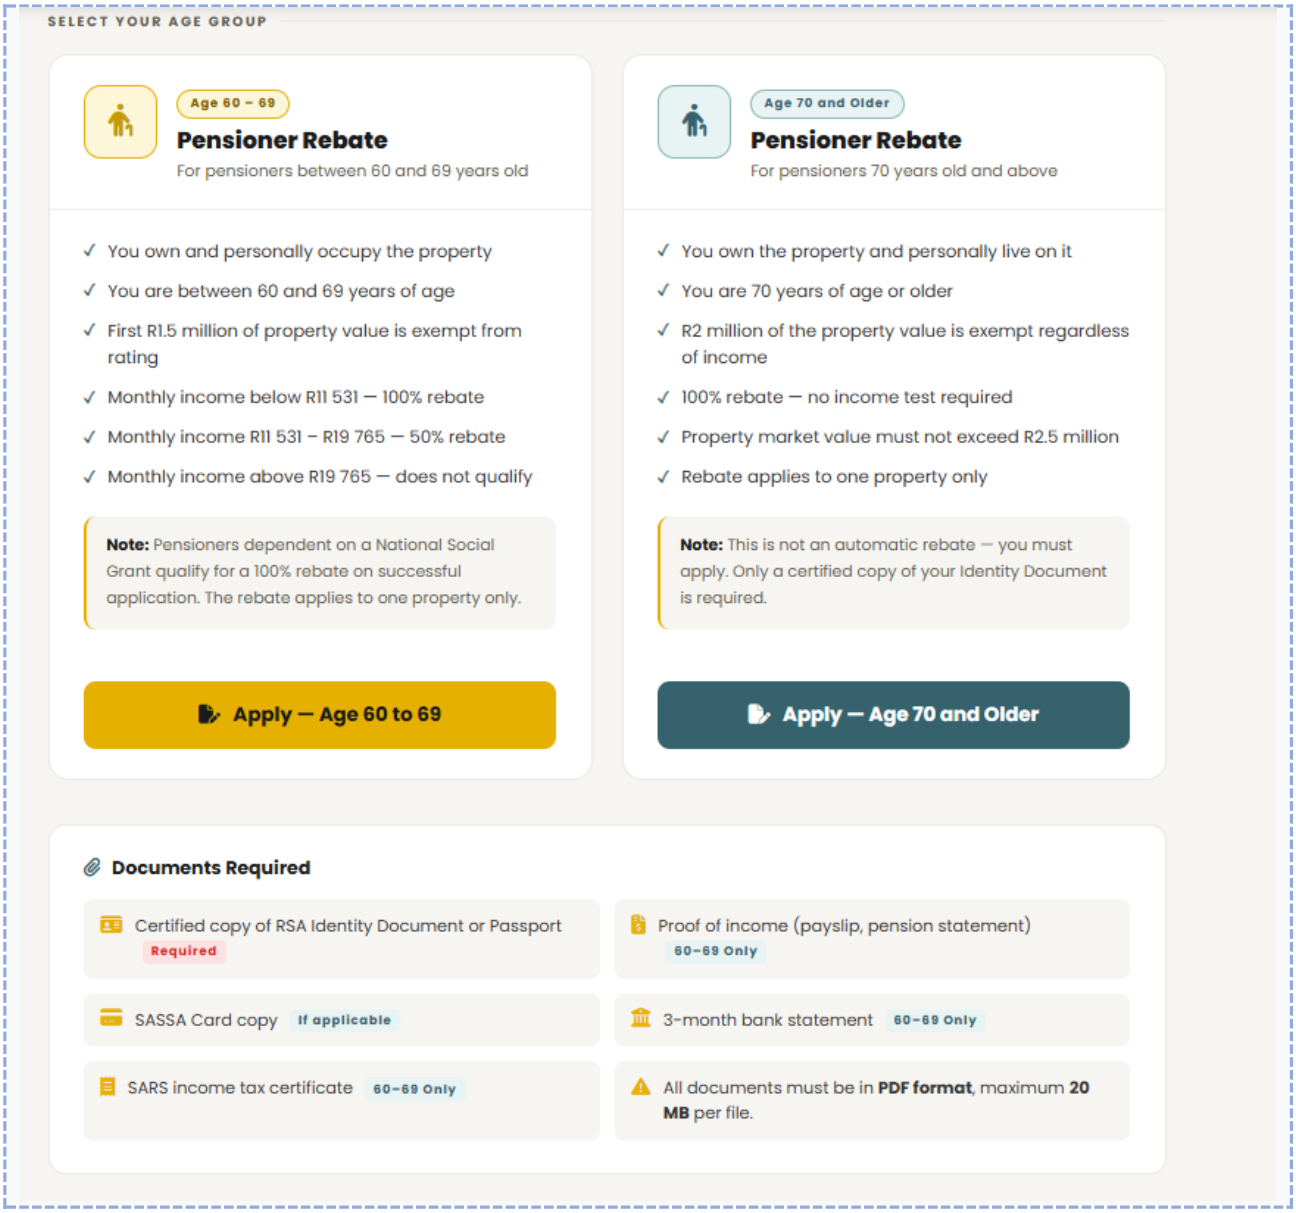

56. Open the previously submitted Query.
57. Select Review when the action becomes available.
58. Check the property and Query information.
59. Complete the Review-specific details and motivation.
60. Attach evidence where required.
61. Submit the Review.
62. Confirm the Review reference and download the submitted form/acknowledgement.

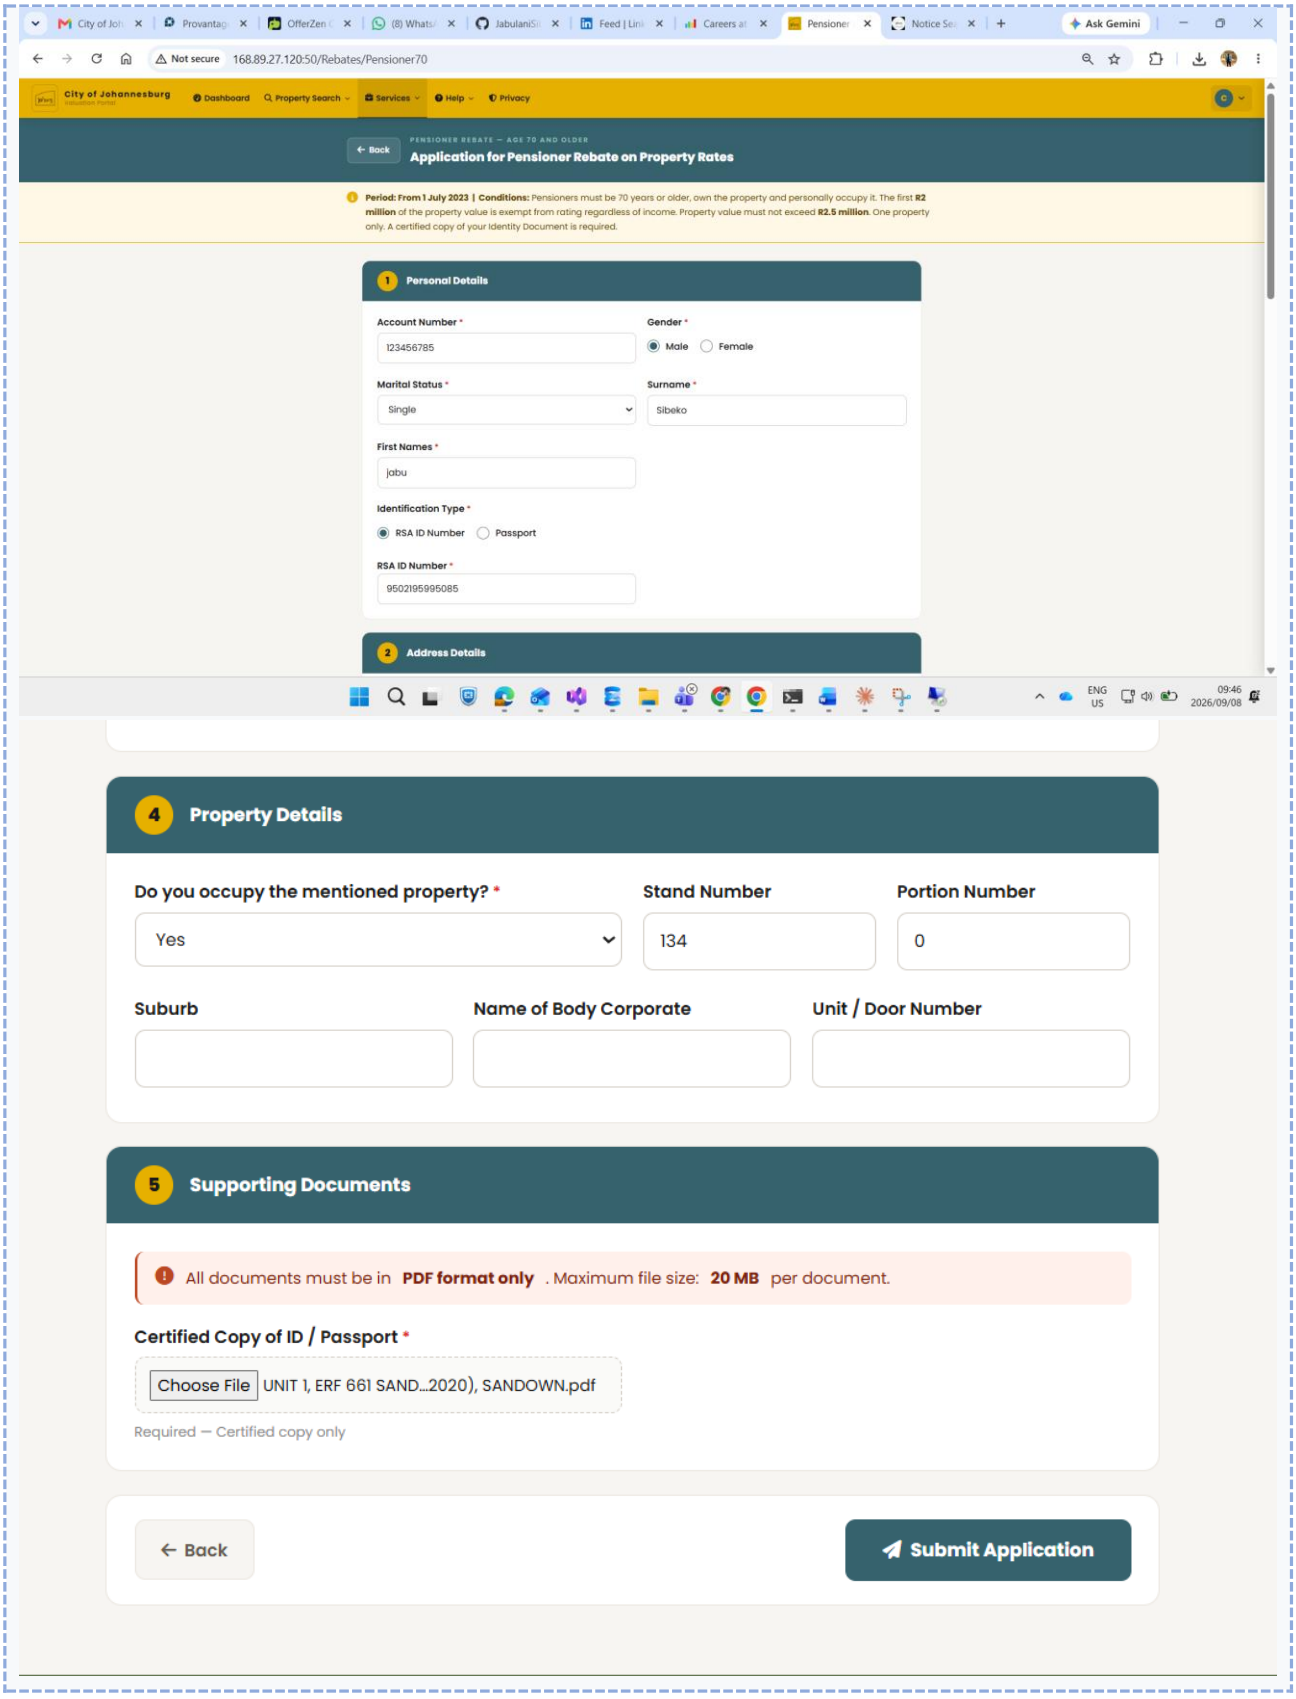

Note: The Review reference is derived from the Query reference by adding “-R”.

10. Rebates Application

Genesis supports Rates Rebate applications and produces a REB reference and standard acknowledgement.

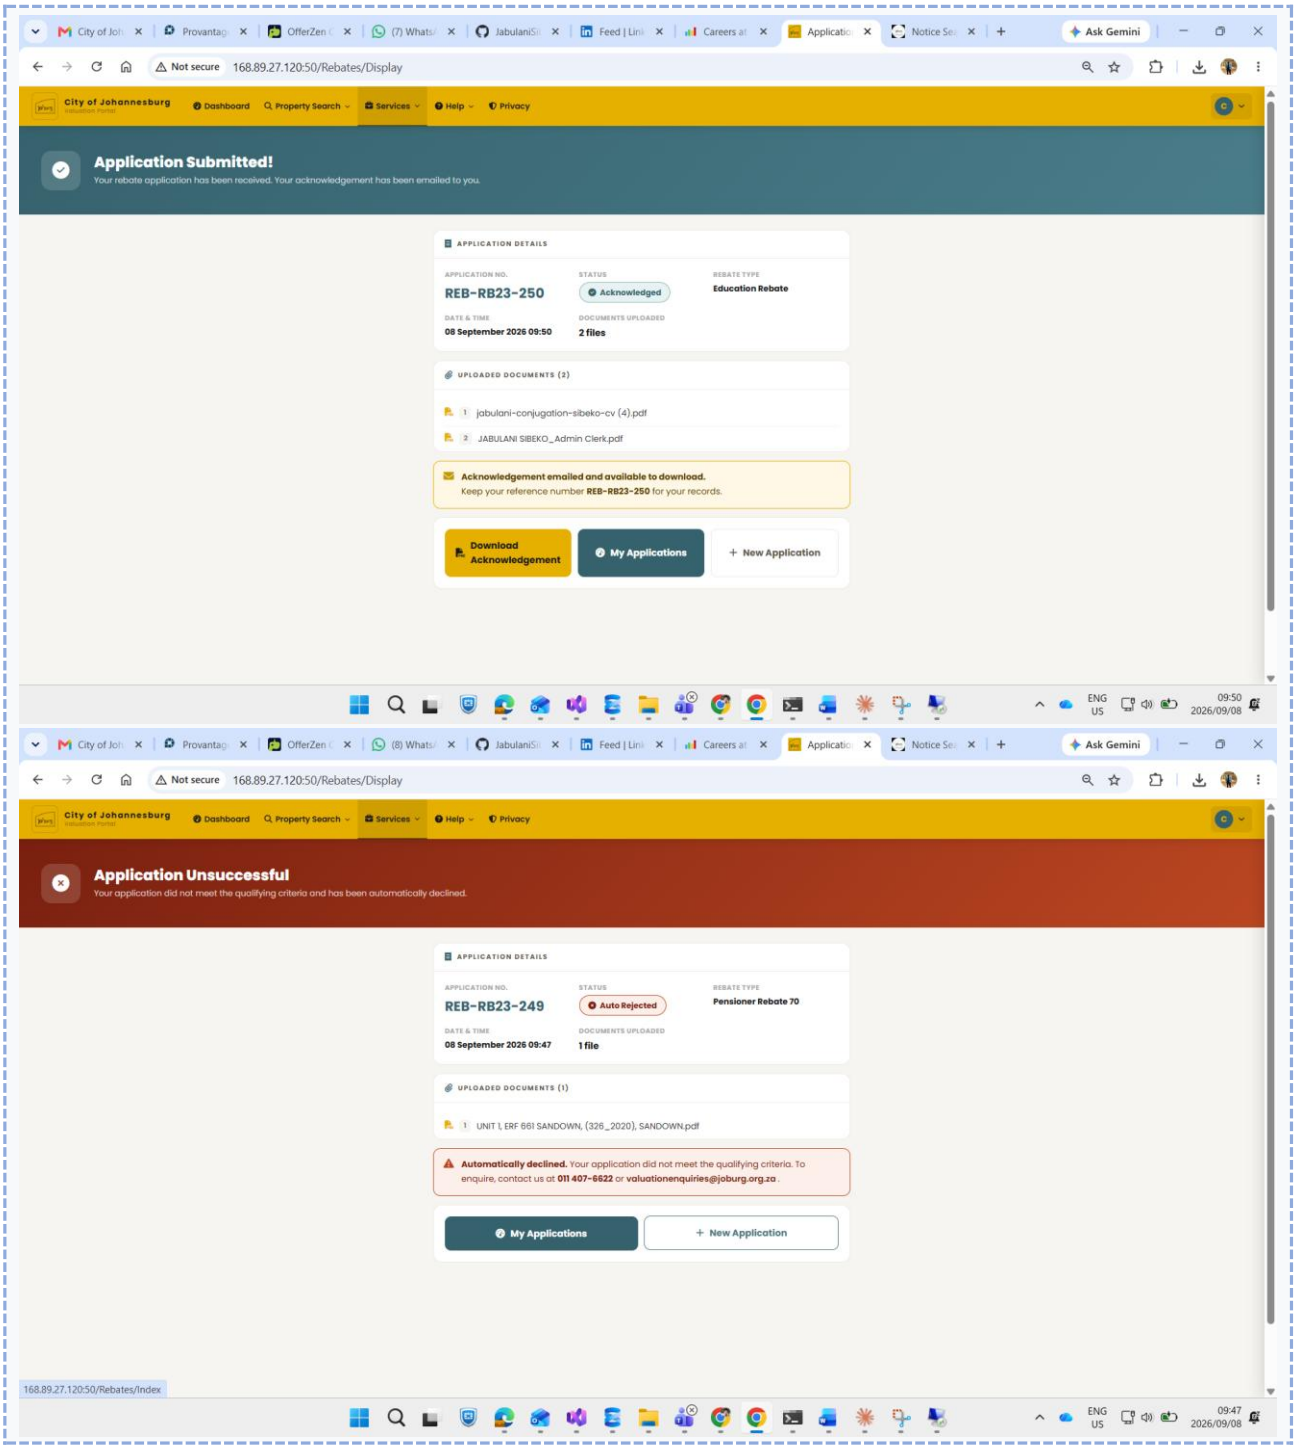

SELECT YOUR AGE GROUP
Age 60 – 69
Pensioner Rebate
For pensioners between 60 and 69 years old
✓ You own and personally occupy the property
✓ You are between 60 and 69 years of age
✓ First R1.5 million of property value is exempt from rating
✓ Monthly income below R11 531 — 100% rebate
✓ Monthly income R11 531 – R19 765 — 50% rebate
✓ Monthly income above R19 765 — does not qualify
Note: Pensioners dependent on a National Social Grant qualify for a 100% rebate on successful application. The rebate applies to one property only.
Apply — Age 60 to 69
Age 70 and Older
Pensioner Rebate
For pensioners 70 years old and above
✓ You own the property and personally live on it
✓ You are 70 years of age or older
✓ R2 million of the property value is exempt regardless of income
✓ 100% rebate — no income test required
✓ Property market value must not exceed R2.5 million
✓ Rebate applies to one property only
Note: This is not an automatic rebate — you must apply. Only a certified copy of your Identity Document is required.
Apply — Age 70 and Older
Documents Required
Certified copy of RSA Identity Document or Passport
Required
Proof of income (payslip, pension statement)
60–69 Only
SASSA Card copy
If applicable
3-month bank statement
60–69 Only
SARS income tax certificate
60–69 Only
All documents must be in PDF format, maximum 20 MB per file.

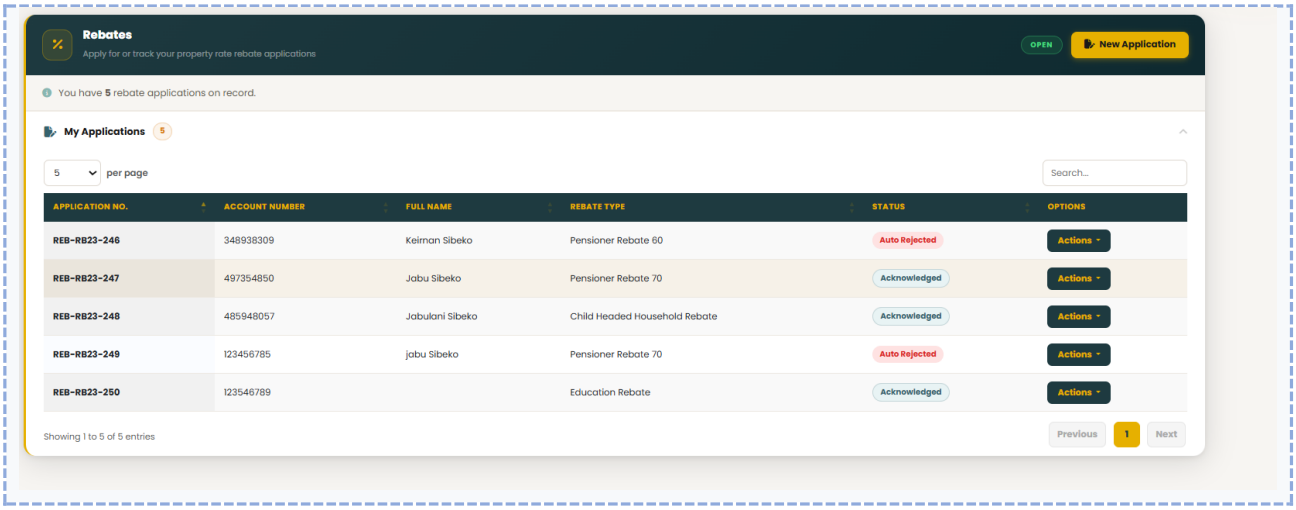

63. Open Rates Rebates from the client area.
64. Select the applicable Rebate application type.

65. Complete the required applicant and property information.
66. Provide all required declarations/details.
67. Upload supporting evidence.
68. Review and submit the application.
69. Record the REB reference and download the acknowledgement.

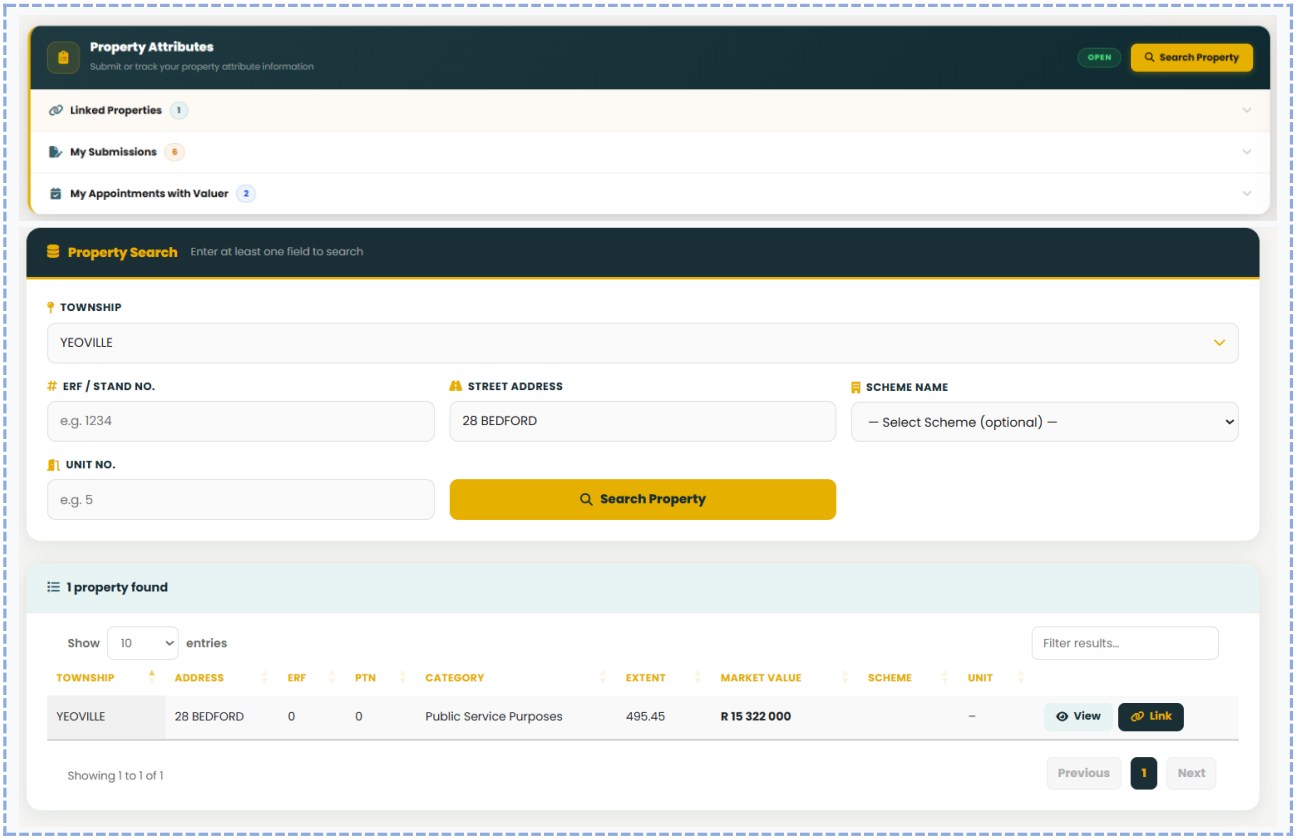

Note: The Rates Rebate acknowledgement uses the standard rebate process and does not use the Attribute 48-hour PIN logic.

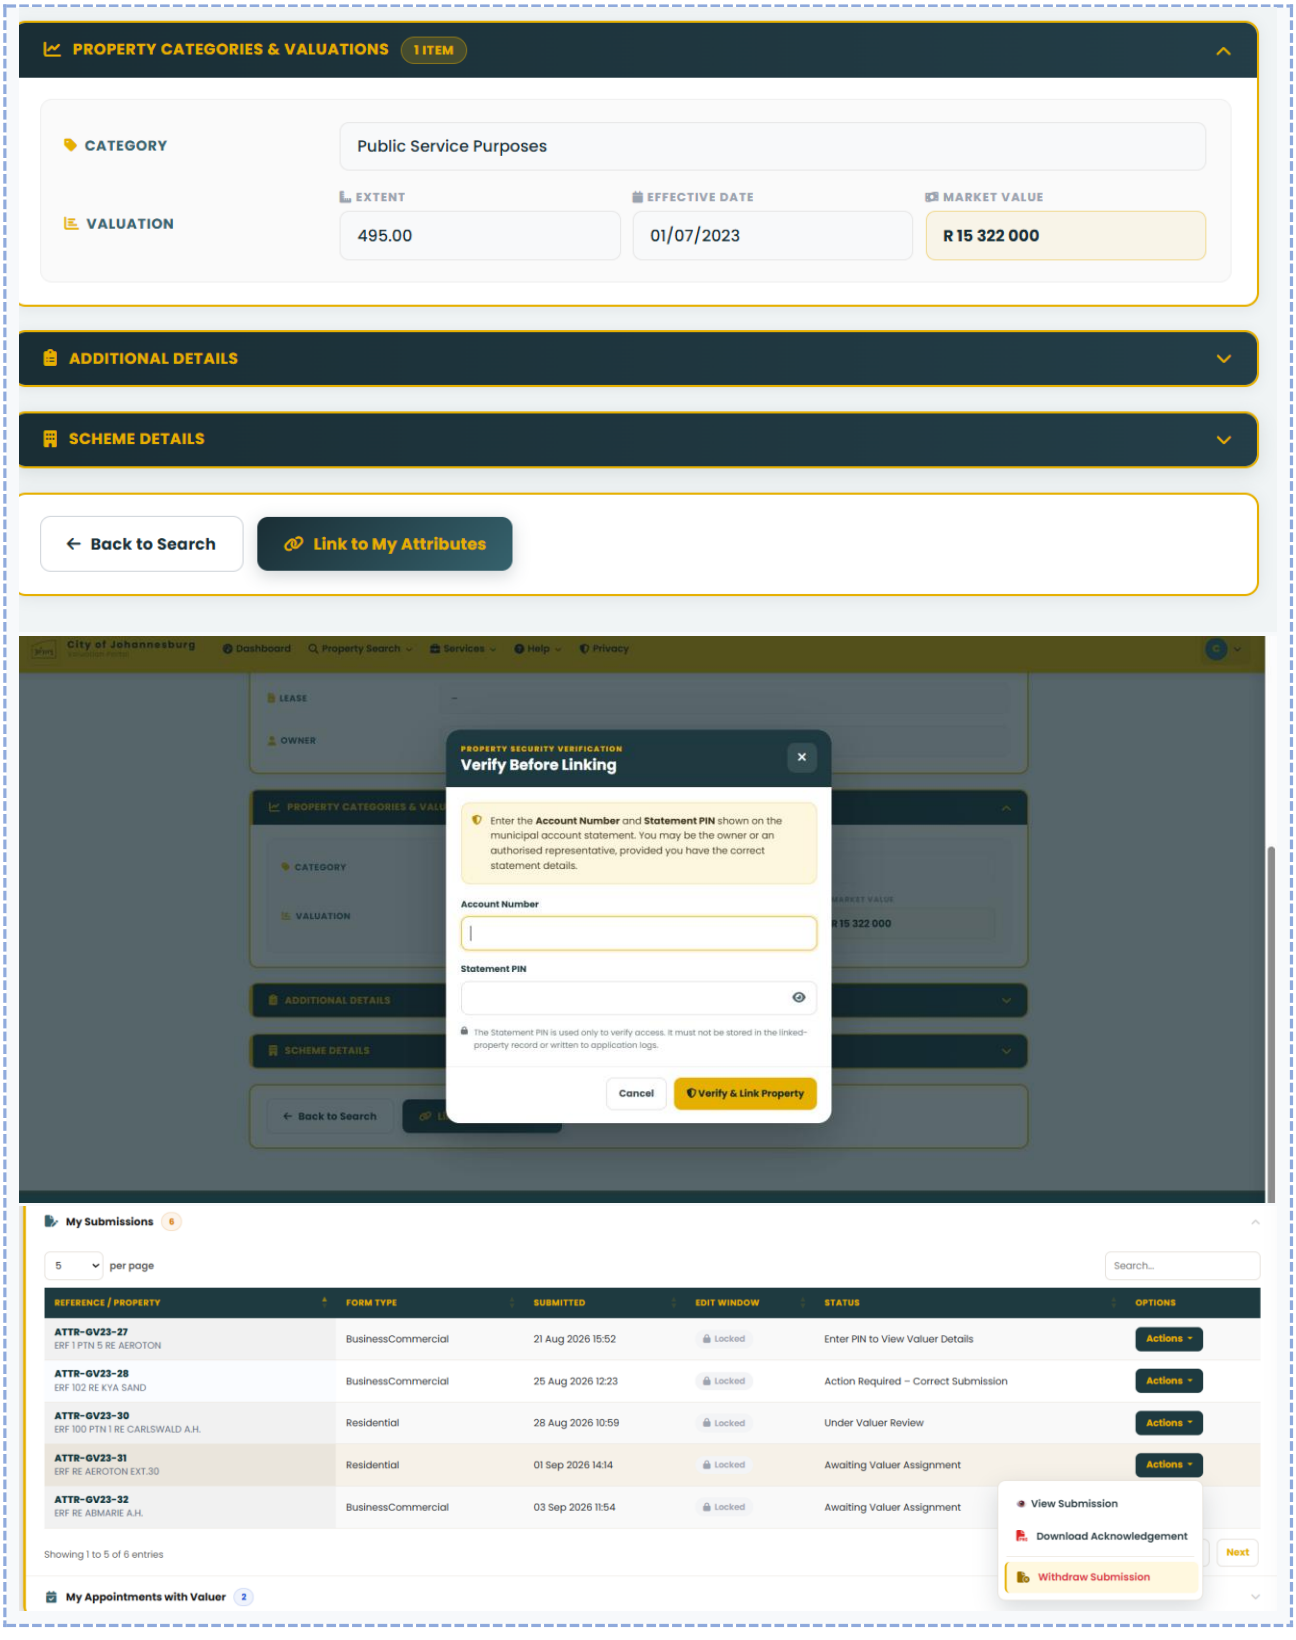

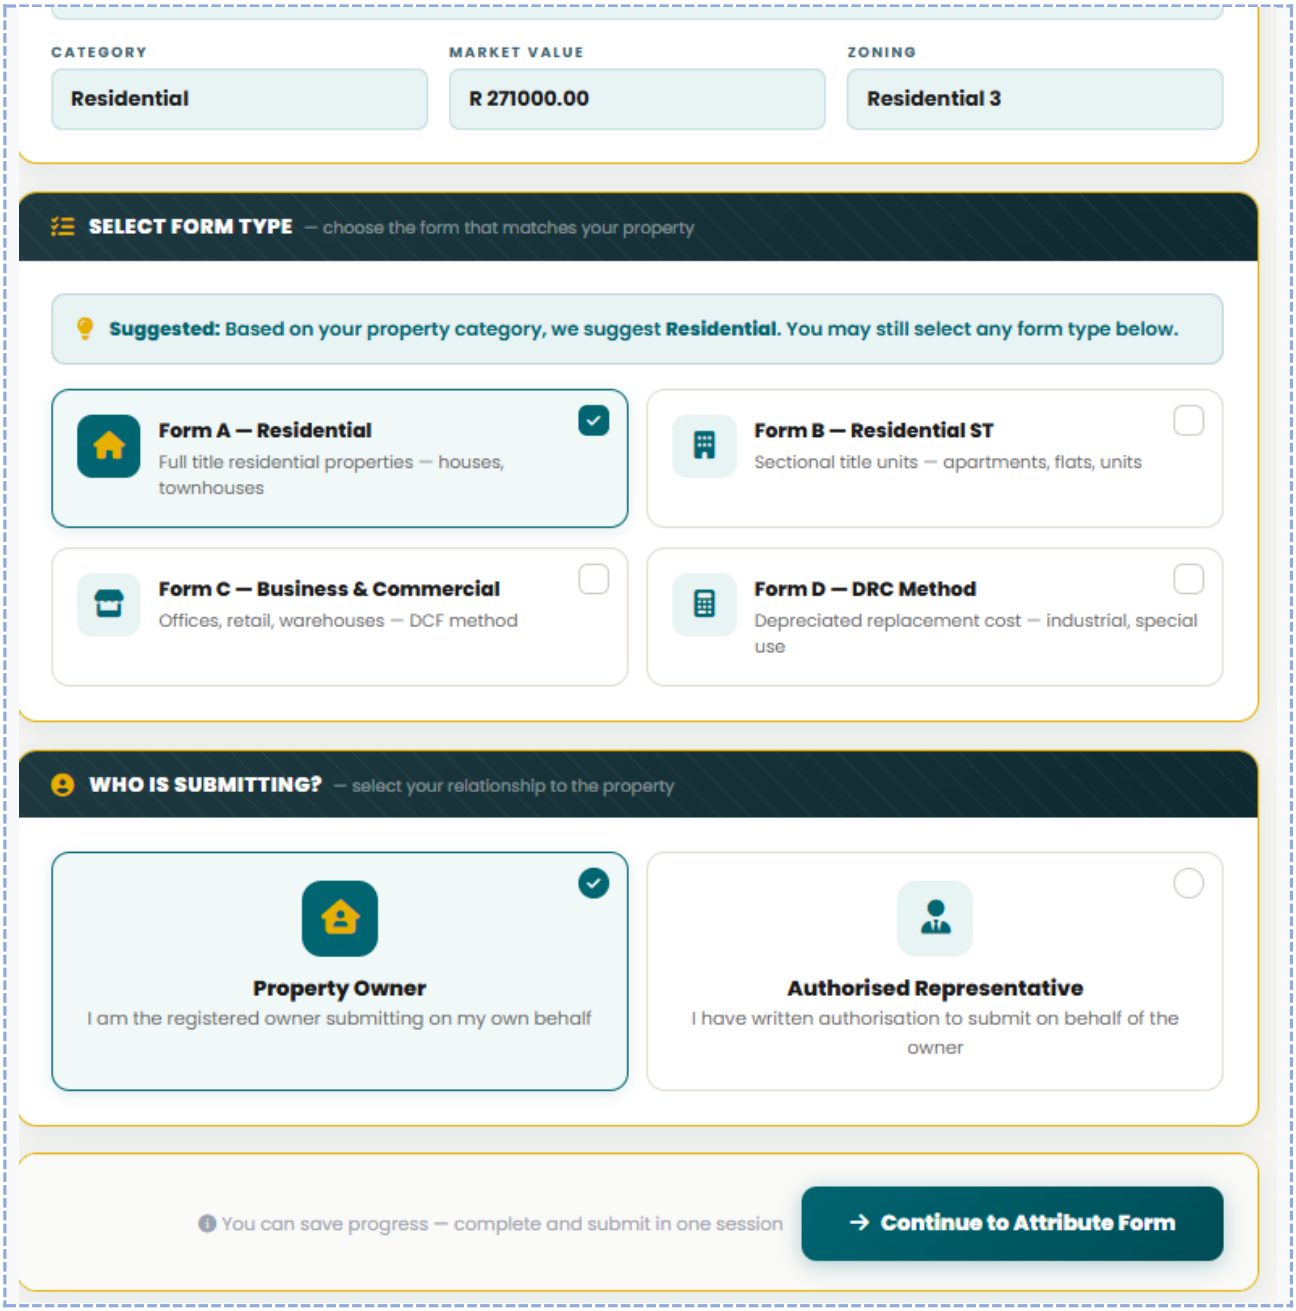

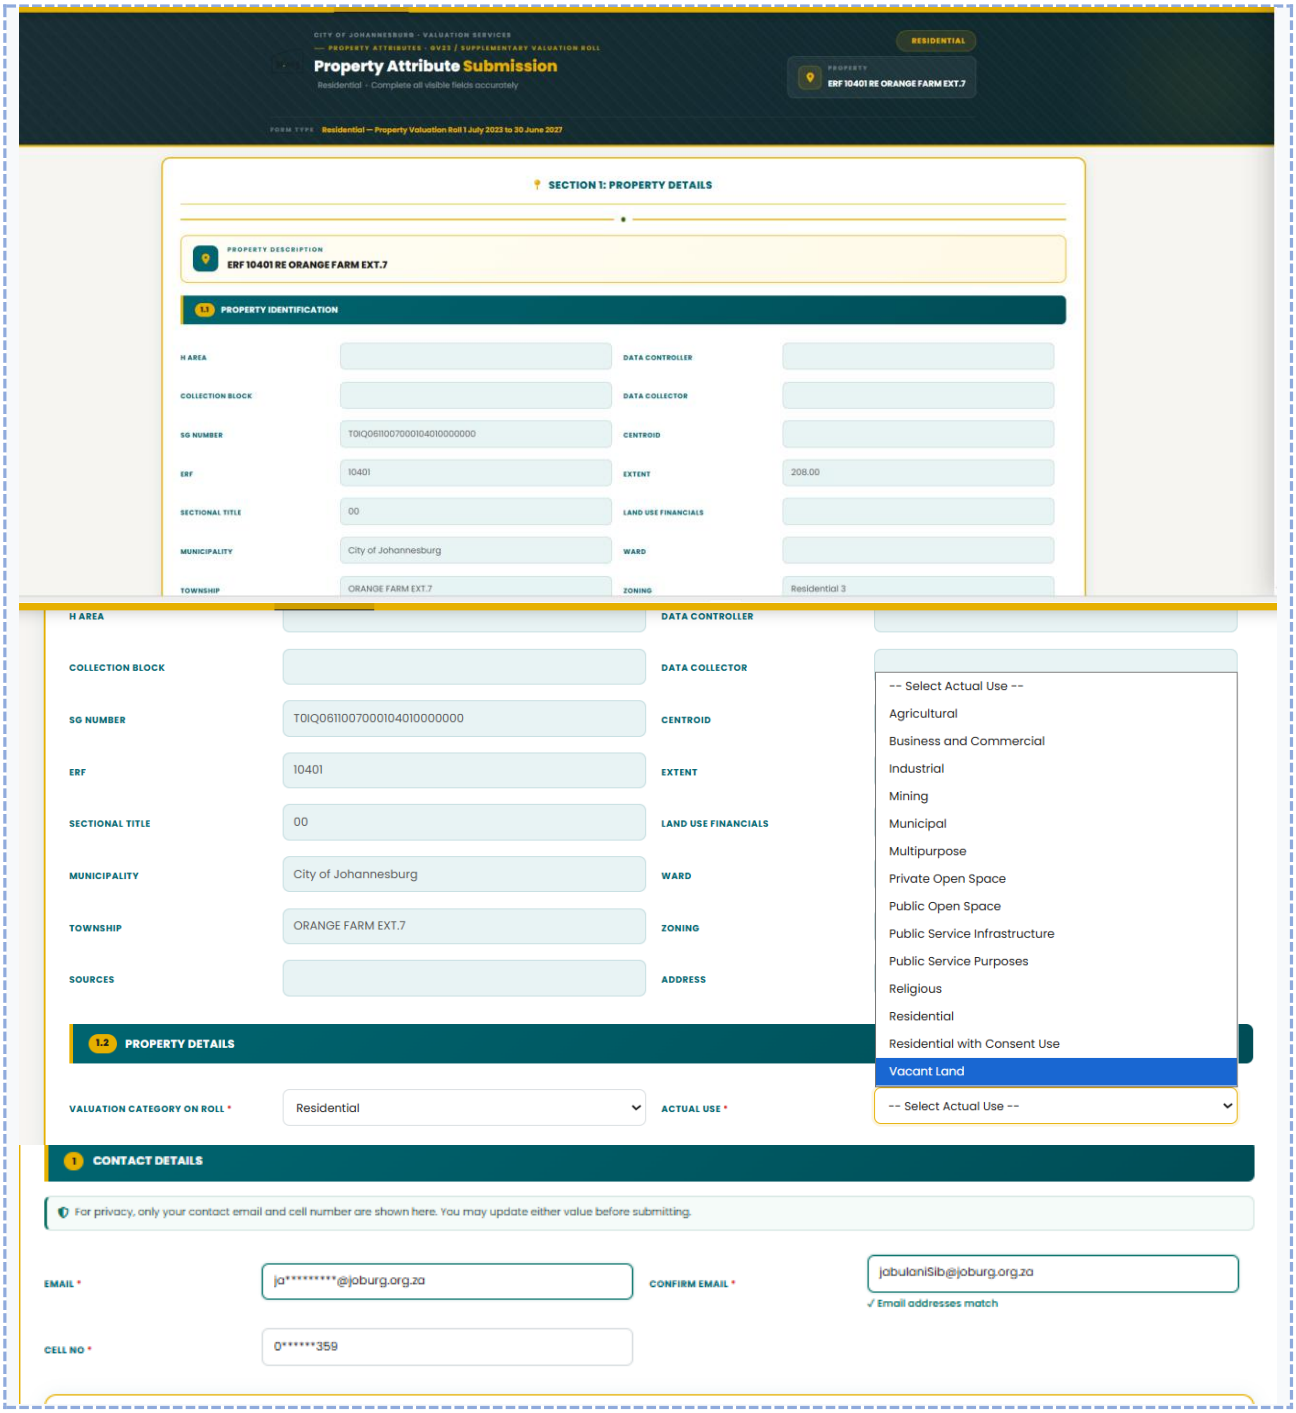

11. Property Attributes

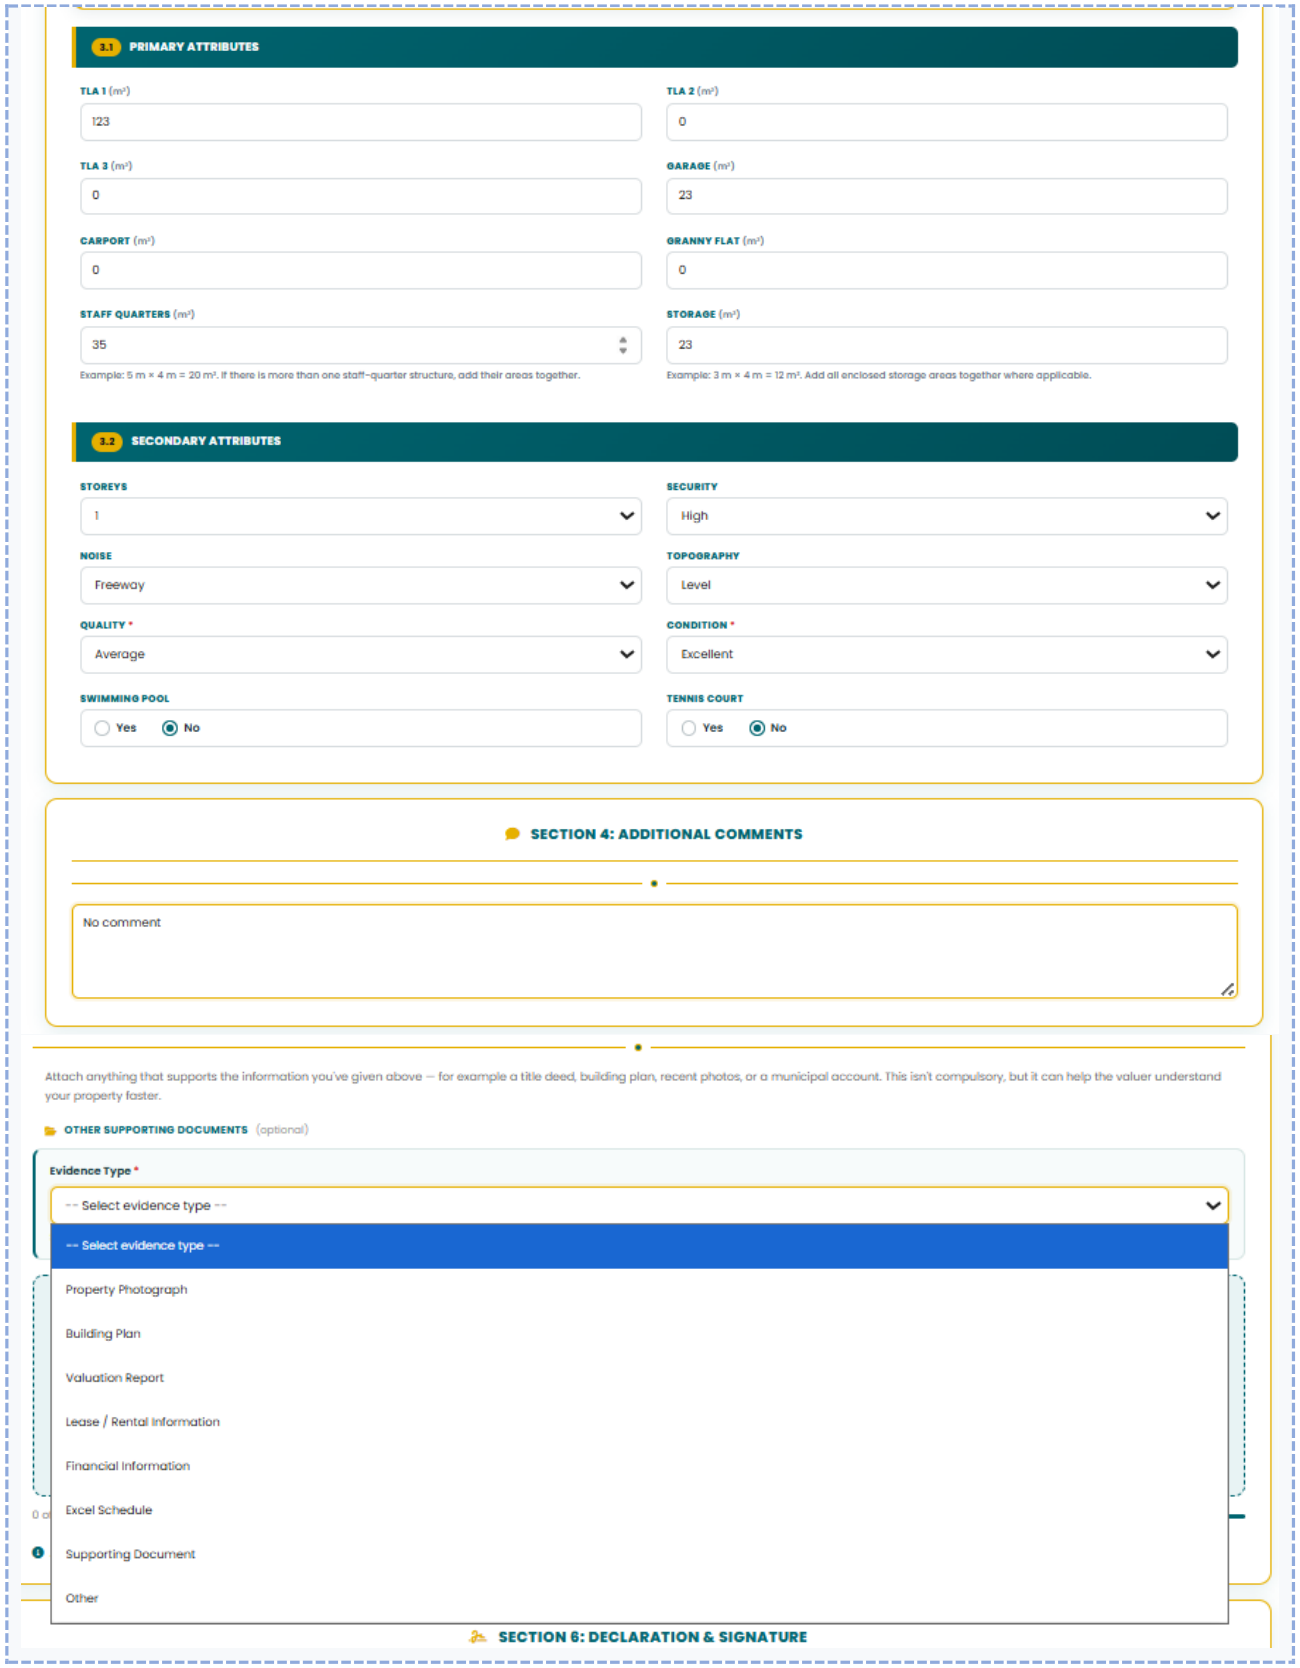

Property Attributes enables clients to submit property information for verification. Supported forms include Residential, Residential Sectional Title, Business/Commercial and other configured property types.

Important: This acknowledgement confirms that your information was submitted. It does not mean that the submitted information has been accepted or approved. The City of Johannesburg Valuation team will review the submission.

12. Attribute Correction and Inspection

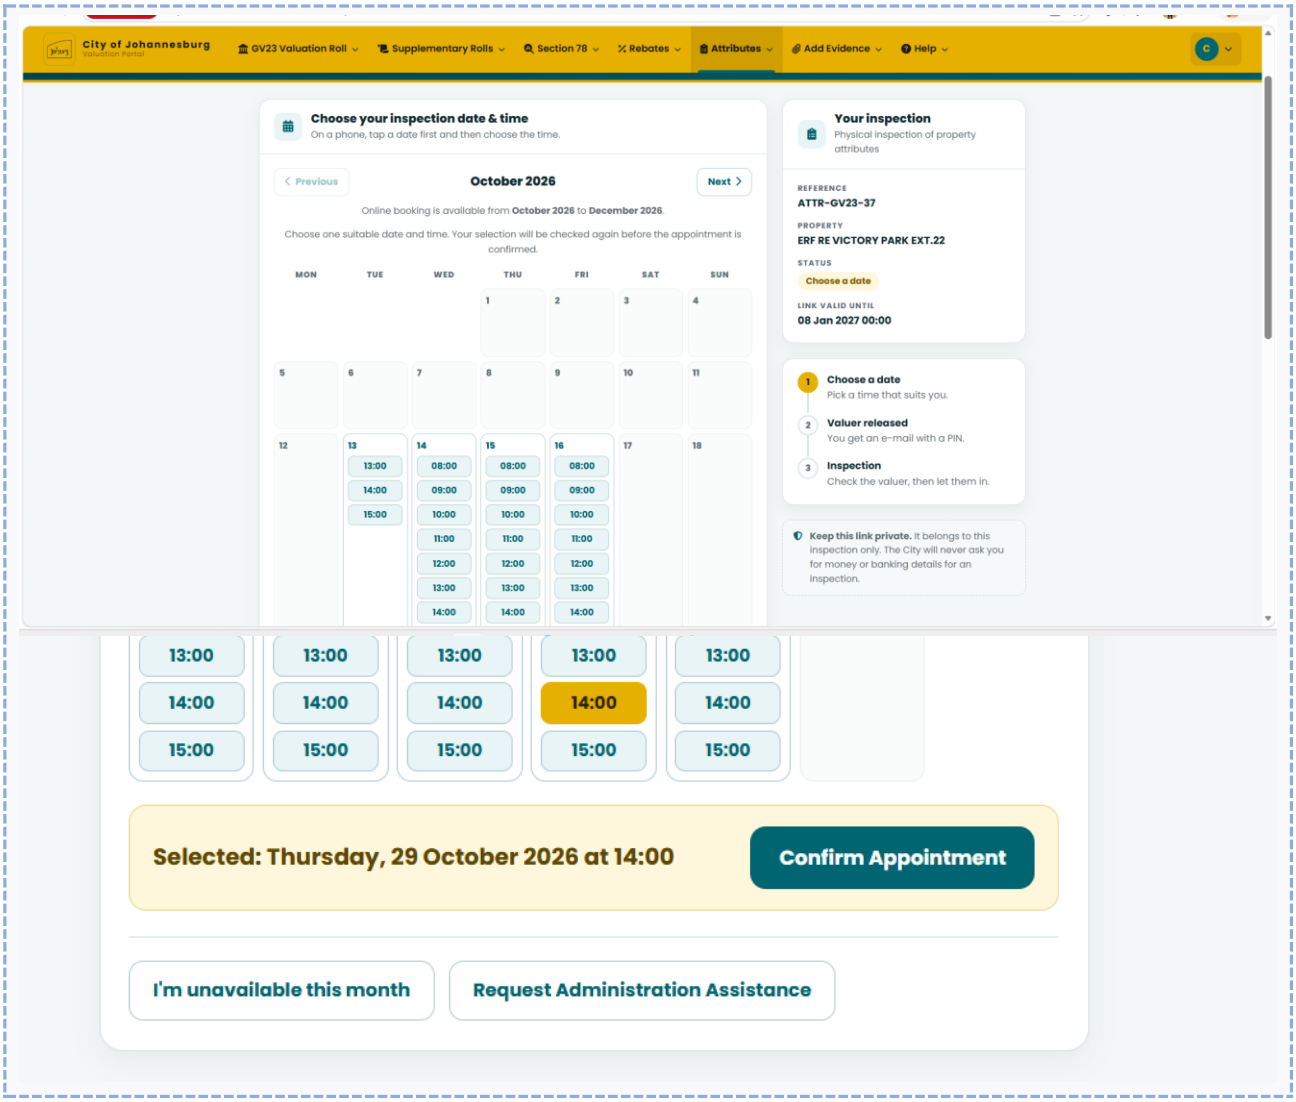

12.1 Correct a Returned Attribute Submission

If specific fields are returned for correction, Genesis allows the client to correct the requested information and resubmit.

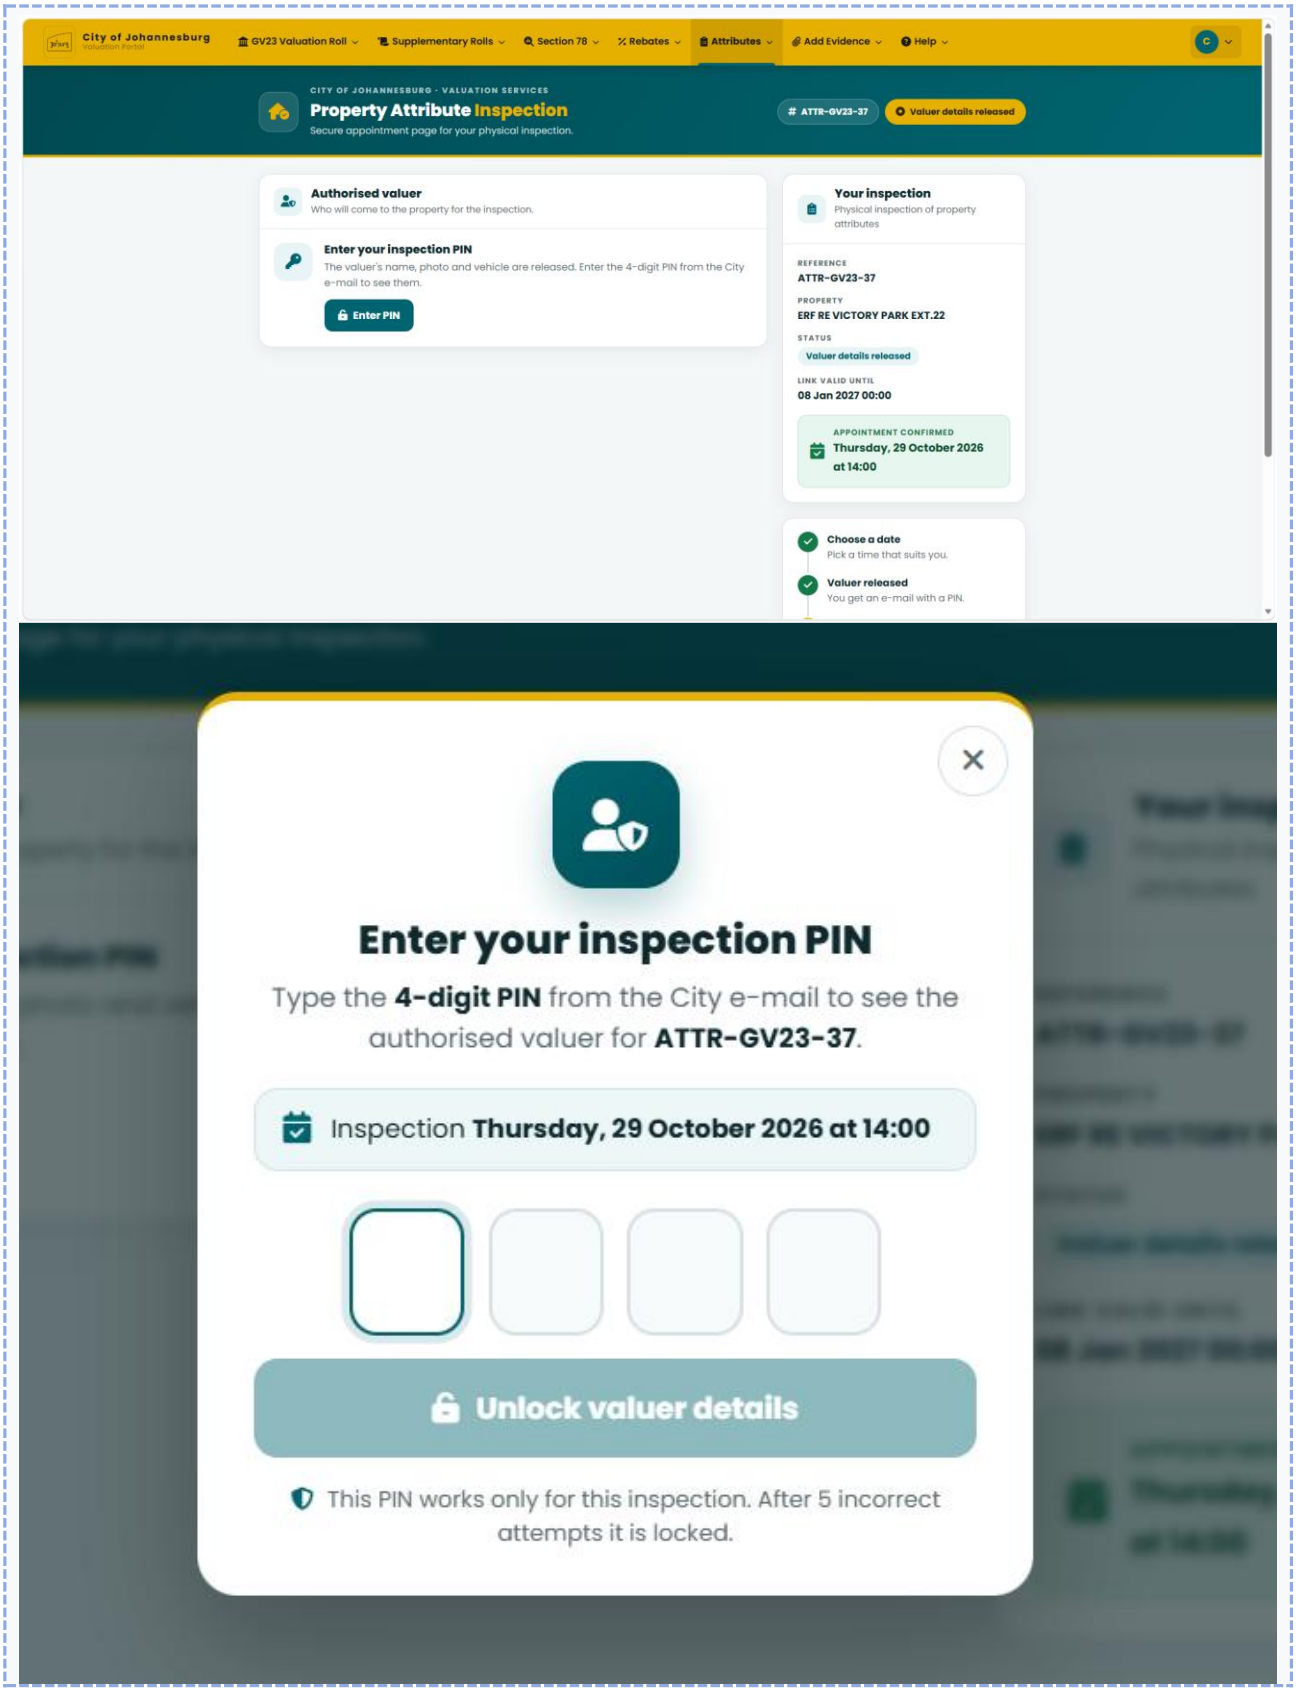

77. Open the returned Attribute submission from the Dashboard.
78. Review the fields marked for correction.
79. Update only the information requested, together with any required evidence.
80. Review the corrected details.
81. Submit the correction.
82. Download the correction acknowledgement if available and confirm the new status.

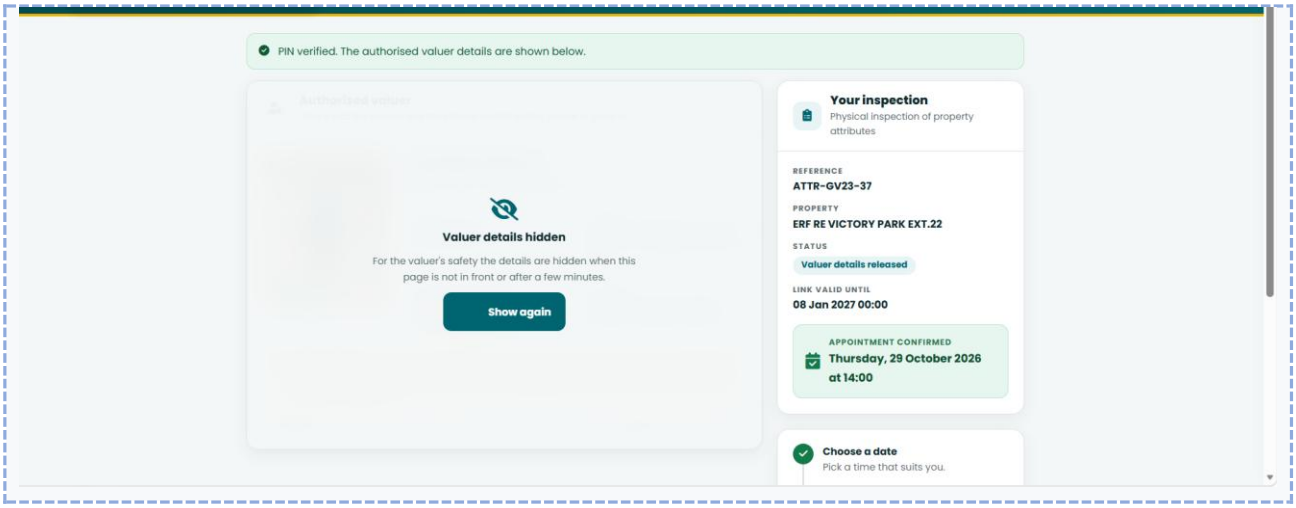

12.2 Respond to a Physical Inspection Request

Where a physical inspection is required, the client can use the secure inspection link to confirm an inspection date. Protected valuer details are released only through the required verification process.

83. Open the secure inspection link received from Genesis.
84. Review the available inspection dates.
85. Select and confirm the preferred date.
86. Follow the PIN verification process when access to protected valuer details is required.
87. Keep the confirmed date and contact information for the inspection.

13. Evidence, Acknowledgements and Notices

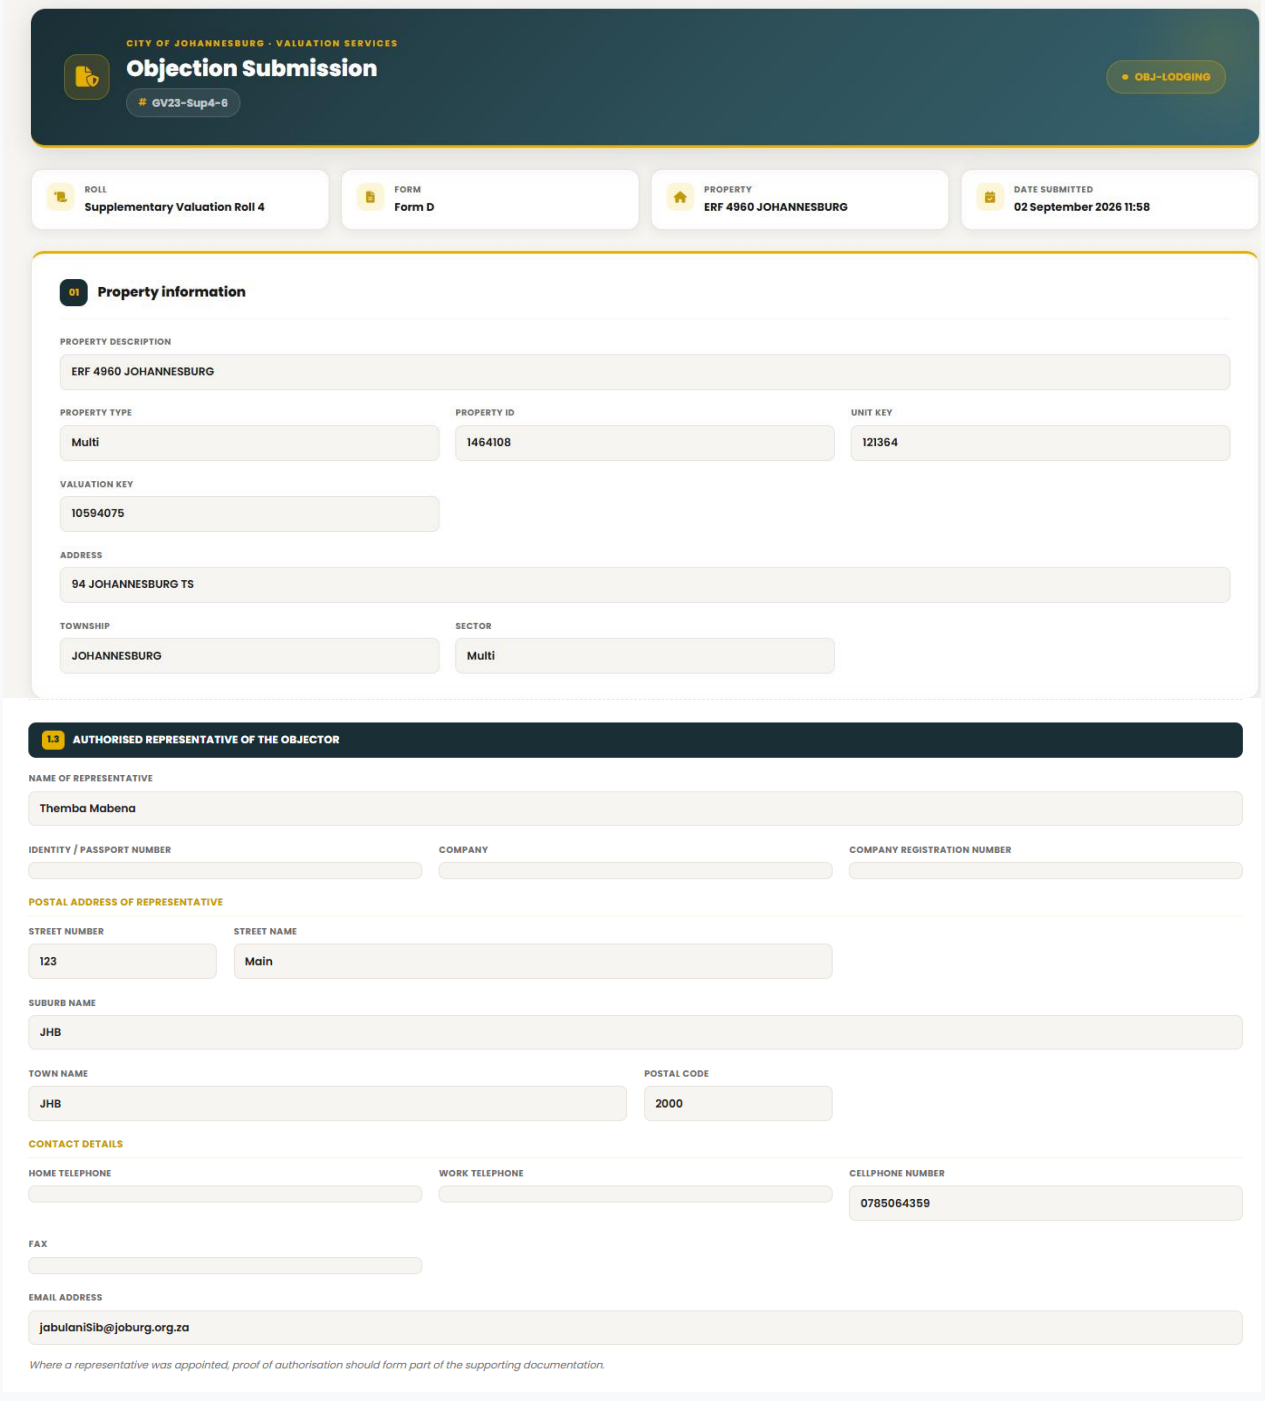

13.1 Supporting Evidence

- Upload only supported file types and sizes displayed by Genesis.
- Use clear filenames that describe the evidence where possible.
- Confirm that the evidence appears in the submission before finalising.
- Do not upload unrelated or sensitive documents that are not required for the matter.

13.2 Acknowledgements and Submitted Forms

88. Open the relevant submission from the Dashboard.
89. Select the available View Submitted / Download Form option.
90. Select Download Acknowledgement when available.
91. Save the document using the browser download controls.

13.3 Statutory Notices / Outcomes

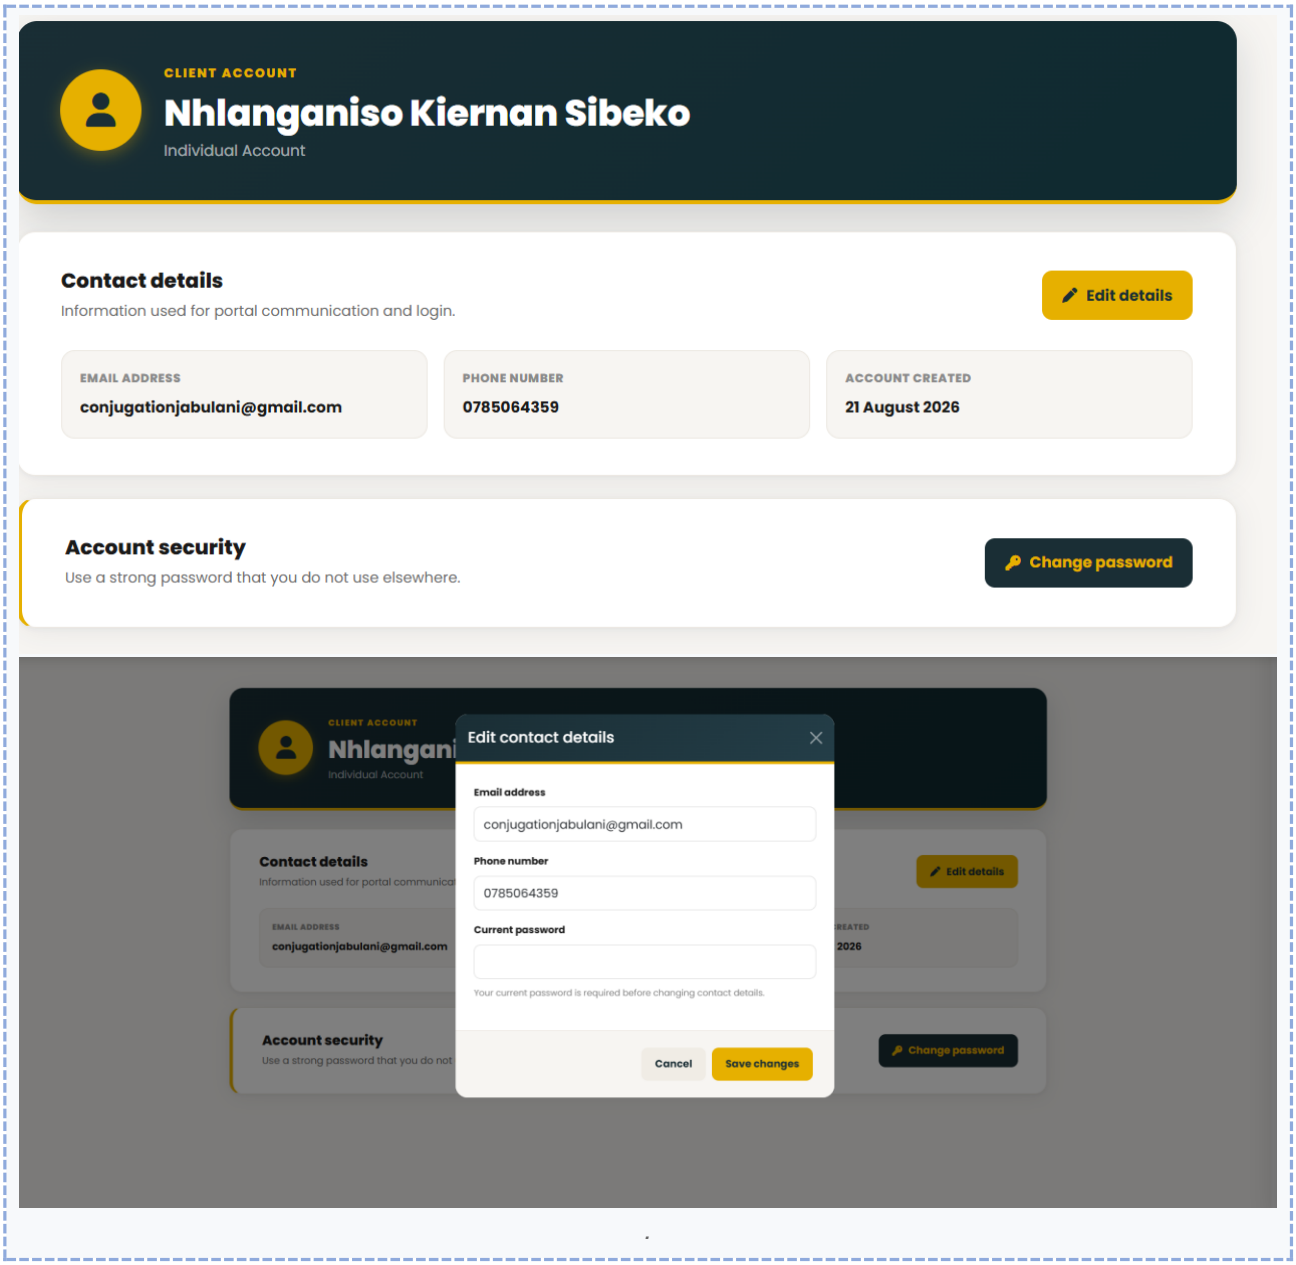

Depending on the case status and workflow, Genesis can make statutory notices or outcomes available, including Section 49, Section 53, Section 52 Review / Appeal Decision and configured invalid/omission outcome notices.

SCREENSHOT PLACEHOLDER – Notice / Outcome Download

Show an example notice button without displaying confidential client information.

14. My Profile and Account Details

Client users can maintain their contact information and password from My Profile.

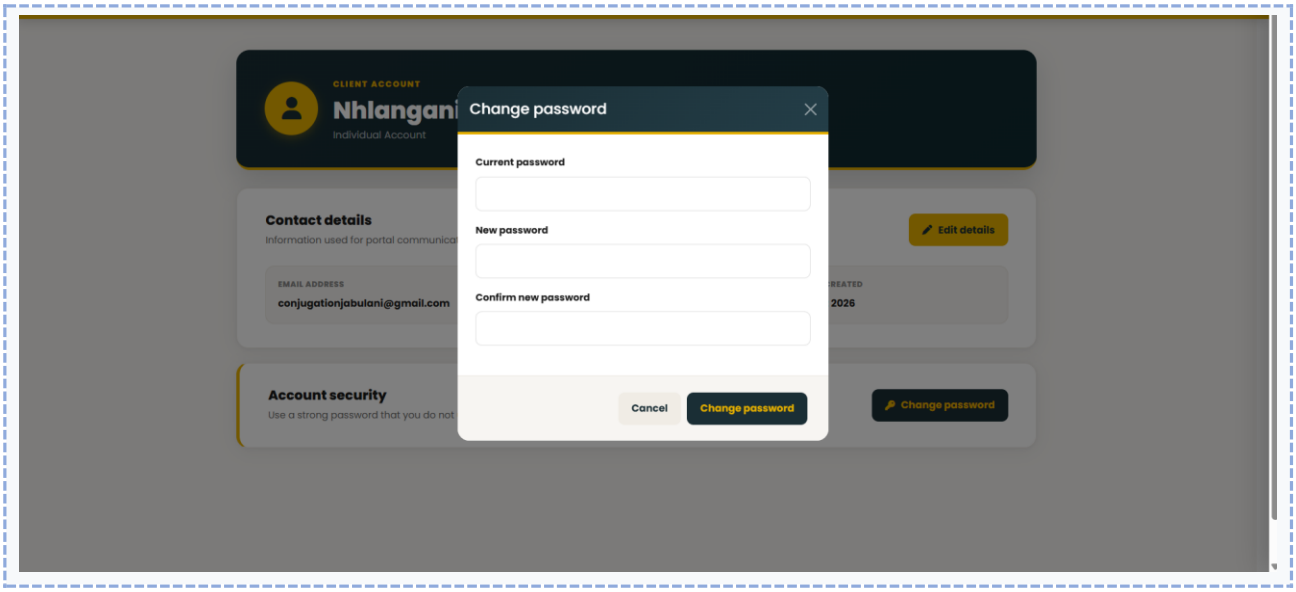

14.1 Update Contact Details

92. Open My Profile.
93. Select the option to update contact details.
94. Enter the new email address and/or phone number.
95. Enter the current password when requested to confirm the change.
96. Save the changes.
97. Confirm the success message and verify that the updated information is displayed.

14.2 Change Password

98. Open My Profile.

99. Select Change Password.
100. Enter the current password.
101. Enter and confirm the new password.
102. Save the change.
103. Use the new password for future logins.

15. Common Messages and Troubleshooting

Issue / Message	What the User Should Check	Next Action
Cannot sign in	Email address, password and email confirmation.	Use Forgot Password if necessary; contact support if the account remains locked or unavailable.
Property not found	Correct roll/source, township and exact property information.	Try the correct valuation roll or contact Valuation Administration with the property details.
Action button not available	Roll period, case status and eligibility.	Review the case status; an action may only become available during the relevant statutory stage.
Evidence will not upload	File type, file size and network connection.	Use a supported file and retry. If the issue persists, record the error message.
Submission appears to keep loading	Network stability and whether the submission reference was already created.	Do not repeatedly resubmit. Refresh/check the Dashboard first to avoid duplicate attempts.
Acknowledgement or notice does not download	Browser download settings/pop-up restrictions.	Allow the download and retry from the submitted matter.
Incorrect client contact details	My Profile information.	Update the email/phone in My Profile using the current password.

15.1 Information to Provide to Support

- Genesis reference number (OBJ / APP / Query / Review / REB / Attribute reference).
- Property description and valuation roll.
- Date and approximate time of the problem.
- Exact error message displayed.
- Screenshot of the error where possible.
- The action the user was performing immediately before the problem occurred.

16. Screenshot Checklist for the Final Manual

The following screenshots should be captured from the current approved Genesis build. Use test data only. Before publishing a screenshot, remove or mask personal information, email addresses, phone numbers, account identifiers, PINs, tokens, internal URLs, server names/IP addresses, database details, file paths, repository/Git account information, developer names and any other sensitive or technical information.

Next Draft

For the next draft, replace each screenshot placeholder with the matching approved Genesis screenshot and update the written steps where the exact button labels or screen sequence differs from this baseline. The final Help manual must use the same terminology and navigation labels as the deployed Genesis version while remaining free of developer, repository, server, database and infrastructure details.
